No. 508J.—The 23rd January 1908.—Whereas certain land was acquired by the Government of Bengal under the provisions of the Land Acquisition Act, 1894 (I of 1894), and the Land Acquisition (Mines) Act, 1885 (XVIII of 1885), for a public purpose, viz., for the Pandra Branch of the East Indian Railway at mile 149 and 288 feet; and whereas coal-mines are situate under the said land; and whereas Babu J. C. Dutta has been working or getting mines or minerals lying under the said land; and whereas the said mines have been inspected by an officer appointed by the Government of Bengal under section 11 of the said Land Acquisition (Mines) Act, 1885, and it appears to the Government of Bengal that the mines have been worked contrary to the provisions of the said Act, and that the drivings made by or on behalf of the said Babu J. C. Dutta are such as to cause damage to the railway at some future time, and that additional precautions are necessary to secure the safety of the line :

Manbhum.

Now, therefore, the Lieutenant-Governor of Bengal is pleased to give notice, under section 13 of the said Land Acquisition (Mines) Act, 1885, to the said Babu J. C. Dutta to construct the following works within six months from the date of this notice for making safe the acquired land and the works thereon, and preventing injury thereto.

No more coal shall be worked from under the acquired land where the distance from the top of the coal seam to the surface of the land is less than 50 feet.

Where the coal seam is more than 50 feet below the surface of the land, galleries may be driven with centres not less than 60 feet apart to form coal pillars not less than 50 feet square.

Galleries shall not be made more than 10 feet wide and the height of the coal seam.

All the galleries coloured pink on the plan L. A. M. A. No 74 shall be stowed quite full of incombustible material, and at each of the eleven parts marked with a blue line and the letter W a brick wall shall be built across the full width and the full height of the galleries. The walls shall each be made 30 inches thick at the floor with a batter on the inside to reduce the walls to about 20 inches thick at the roof. The material for the walls shall be good bricks and mortar.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

H. C. STEATFEILD,
Offg. Secy. to the Govt. of Bengal.

M. J. SCOBIE,
Secy. to the Govt. of Bengal.

IRRIGATION DEPARTMENT.

The 28th January 1908.

No. 2.—Notification.—In exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, His Honour the Lieutenant-Governor of Bengal proposes to make the following revised water-rate rules for the Dhaka Canal in supersession of those passed in Notification No. 11, dated the 27th March 1905, and modified in Notification No. 3, dated the 16th March 1907 and in lieu of those proposed in Bengal Government Notification No. 1, dated the 21st January 1908.

R. E. CARTER,
Offg. Secy. to the Govt. of Bengal.

AS EXISTING.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 16, the Collector may require the Superintending Engineer to state his opinion in writing, which opinion shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

Any person who requires a lease for water must apply to—

(*a*) the Sectional Officer, or
(*b*) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

AS PROPOSED.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the Canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from an order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 16, the Collector may require the Superintending Engineer to state his opinion in writing, which opinion shall form part of the record of the proceedings of the case.

ON APPLICATIONS.

5. Any person who requires a lease for water may apply to—

(*a*) the Sectional Officer, or
(*b*) the Subdivisional Canal Officer.

These preliminary applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block or a definite part of a block under the following conditions:—

(i) No lease for less than 10 acres shall be granted.

(ii) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease at a period less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

11. When water is required, pending the completion of a lease for a term of years, the Subdivisional Canal Officer may, on application, grant a season lease which will be cancelled if the long lease is subsequently concluded.

12. Season leases for the supply of water at any season may be granted on application by the Subdivisional Canal Officer.

13. When a lease is granted, an agreement shall be taken in forms given in Appendices I, III, IVA and IVB, and a "permit" shall be given to the lessee or lessees in forms given in Appendices II, IV and IVC.

14. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (forms of application and permit are given in Appendices V and VI).

ON WATER-RATES.

15. The following rates will be charged for water supplied, whether taken by lift or flow:—

	Rs. A.	
I.—Leases for a term of years, 16th June to 15th November.	1 0	per acre.
II.—Season leases, 16th June to 15th November.	1 8	„ „
III.—Season leases, 1st November to 28th February.	0 8	„ „
IV.—Season leases, 1st March to 15th June.	2 0	„ „
V.—Water supplied to tanks.	1 0	„ 10,000 c. ft.

ON LEASES AND PERMITS.

6. Leases for a term of 3years may be granted under the following conditions:—

(i) The lands to be irrigated must constitute a block with defined boundaries and be so situated that adjoining lands will not ordinarily or probably be irrigated with water supplied.

(ii) All the irrigable lands within the limits of the block must be included.

(iii) Sufficient distributing channels must be provided to enable the irrigation to be carried on without waste of water.

(iv) No lease will be granted when the water must cross unleased lands unless there is a channel which will, in the opinion of the Subdivisional Canal Officer, convey the water across the intervening land without waste.

Applications for leases for a term of years will be received up to 1st May in each year. It shall be within the discretion of the Divisional Canal Officer to accept or decline applications for such leases if presented at a later date.

7. The Divisional Canal Officer shall issue permits for leases for a term of years to the lessee through the Subdivisional Canal Officer.

8. When water is required, pending the completion of a lease for a term of years, the Subdivisional Canal Officer may, on application, grant a season lease which will be cancelled if the lease for a term of years is subsequently concluded.

9. Season leases for the supply of water for any crop may be granted, on application, by the Subdivisional Canal Officer.

10. When a lease is granted, an agreement shall be taken in forms given in Appendices I, III, IVA, IVB, VII and IX and a "permit" shall be given to the lessee or lessees in forms given in Appendices II, IV, IVC, X and XI.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (forms of application and permit are given in Appendices V and VI).

ON WATER-RATES.

12. The following rates will be charged for water supplied, whether taken by lift or flow:—

	Rs. A.	
I.—Leases for a term of 3 years, 16th June to end of February in each year.	1 0	per acre.
II.—Season leases, 16th June to 31st October.	2 0	„ „
III.—Season leases, 1st November to end of February.	1 0	„ „

ON DEMAND STATEMENTS.

16. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when or before the demand statement is sent to the Collector for realization. Persons charged under rule 26 shall be served as soon as the charge is made, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

17. The rates for water supplied between 16th June and 15th November, whether on leases for a term of years or on season leases, shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied between 1st November and 28th February shall fall due on the 1st April following.

The rates for water supplied between 1st March and 15th June shall fall due on the 1st July following.

The rates for water to be supplied to tanks shall be payable before water is supplied.

18. Water-rates imposed under rule 26 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

19. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(*i*) By the Divisional Canal Officer for errors in assessment or rates.

(*ii*) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

In the latter case a written application must be made at least 20 days before the crop is cut.

20. Remissions on other grounds than the above require the sanction of Government.

21. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable

	Rs.	A.	
IV.—Season leases, 1st March to 15th June.	2	0	per acre.
V.—For one or more waterings supplied between 1st March and 15th June.	0	12	for each watering.
VI.—Water supplied to tanks.	1	0	per 10,000 c. ft.

ON DEMAND STATEMENTS.

13. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when or before the demand statement is sent to the Collector for realization. Persons charged under rule 33 shall be served as soon as the charge is made, by post or otherwise, with a statement showing the amounts charged.

14. The rates for water supplied on a lease for a term of years between the 16th June and the end of February shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates of water supplied on season leases between the 1st June and 31st October shall be payable in two equal instalments falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied on season leases between 1st November to end of February shall fall due on the 1st April following.

The rates for water supplied on season leases between 1st March and 15th June shall fall due on the 1st July following.

The rates for water to be supplied to tanks shall be payable before water is supplied.

15. Water-rates imposed under rule 33 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

16. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(*i*) By the Divisional Canal Officer for errors in assessment or rates.

(*ii*) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

In the latter case a written application must be made at least 20 days before the crop is cut.

17. Remissions on other grounds than the above require the sanction of Government.

18. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

may be written off as irrecoverable on the authority of the Superintending Canal Officer.

22. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

23. Before a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators, and shall each have a direct interest in the land covered by the lease. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *Jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

24. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

ON CULTIVATORS' REPRESENTATIVES

19. In all applications and permits other than those relating to sale of water by volume, the names of one or more persons shall be entered as *lambardar* who will be responsible for discharging the duties mentioned below :—

I.—Obtaining signatures to applications and certifying to the correctness of the same.

II.—Attending and giving assistance in measuring land irrigated, or proposed to be irrigated.

III.—Giving timely information to the Canal Officer or subordinate of any insufficiency in the supply of water and promptly reporting when the irrigation of the leased area, on any channel, is complete.

IV.—Supervising the distribution of the water supplied through an outlet amongst the persons entitled thereto and reporting any misuse of the same.

V.—Being present when complaints are investigated by a Canal Officer, or subordinate, and giving information required in connection with the same.

VI.—Receiving *parchas* from the Canal Officer and distributing the same amongst the persons named therein.

VII.—Reporting before the 15th of October all cases in which crops have been injured by deficiency or irregularity of supply in the *kharif* season so that these cases may be investigated before water-rates are demanded.

VIII.—Reporting to the Collector or to such officer as he may appoint mutations in holdings in the case of leases for a term of years.

IX.—Assisting the Collector by pointing out the residences of the persons assessed and identifying them.

20. In the case of season leases the remuneration for performing the duties mentioned in the rule immediately preceding shall be two per cent. on the assessment (excluding fractions of a rupee) which shall be paid by the Canal Officer. The amount paid shall be calculated in rupees and annas only, pies being omitted.

25. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or their own occupation, which may lie within the boundaries of the long lease, subject to a total limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation and recover the rates, in whole or in part, from the *Jait raiyats* or *gumashtas* or other representative, if the assistance specified in rule 24 has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

26. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

27. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that the land deriving benefit is liable to assessment, he shall serve a notice on the persons concerned, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

28. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the land should be assessed, fix the rates allowed under rule 26 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

29. Applications for leases may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; in such cases the persons assessed under rule 26 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 26. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 26.

21. In the case of leases for a term of years other than those entered into jointly with contractors the remuneration to be paid to the *lambardar* for performing the duties mentioned in rule 19 shall be three per cent. yearly on the assessment of the year (excluding fractions of a rupee) which shall be paid by the Canal Officer. The amount paid shall be calculated in rupees and annas only, pies being excluded.

22. The *lambardar* will be appointed by the Subdivisional Officer in consultation with the applicants for the lease and must be a substantial person having a beneficial interest in part of the land to be irrigated. There is no objection to different *lambardars* being appointed to represent sections of the applicants or to two or more persons being jointly appointed as *lambardars* on behalf of the whole of the applicants. In case the Subdivisional Canal Officer cannot agree with the applicants in the appointment of *lambardar*, he shall nominate a *lambardar* for approval by the Divisional Canal Officer.

In those cases where an application is made by a contractor and cultivators jointly for a lease for a term of years the *lambardar* shall be nominated by the contractor.

23. The Divisional Canal Officer may, for reasons which appear to him to be sufficient and which must be recorded, remove a *lambardar* from his appointment, and in that case a new *lambardar* shall be appointed in the manner prescribed in the rule immediately preceding.

24. The fees to be paid to *lambardars* will only be disbursed if the duties specified have been satisfactorily performed. The Divisional Canal Officer may retrench the whole or any part of the fees payable for reasons to be recorded in writing. In calculating the fees payable, fractions of one anna will be excluded.

Intermediary agency.

25. Leases for a term of years will be entered into with associations of cultivators as specified in these rules; and also on the joint application of the cultivators and of some person hereinafter called the contractor who shall collect and pay to Government all sums due under the agreement on account of water-rates. The joint agreement shall be in the form given in Appendix VII to these rules. The contractor must have a beneficial interest in some part of the land included in the application extending for the full term of the lease.

ON PENALTIES AND CANCELLING OF LEASES.

30. Should it be proved, after due enquiry, that the supply of water given to any area leased for a term of years is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

31. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also, if especially so ordered, until half the amount due under new applications is paid in advance An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any lease for a term of years, if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease the lands covered by which cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

32. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

33. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

26. Contractors are authorised to collect water-rates from the cultivators who have signed the application and from their successors in interest in the land included in the block at the rates fixed by the Lieutenant-Governor.

27. A contractor (or in case there be more than one, each contractor severally) shall use due diligence in the collection of the water-rates specified in the agreement from the cultivators who have applied for the water-supply. In the case of his failure after due diligence to collect, he shall within thirty days of the rates becoming due submit to the Collector a list showing the names of the defaulters with the sums due from each and the Collector shall thereupon proceed to realize the amount due from the said defaulters according to law.

28. A contractor (or in case there be more than one, each contractor severally) shall be responsible for all sums payable on the agreement except such sums as he may satisfy the Collector that he has been unable to collect after using due diligence and shall be entitled to a commission of 5 per cent. on all sums collected by himself.

29. In the case of a lease entered into under an application in the form given as Appendix I, a contractor may subsequently be appointed by the Collector with the written approval of the Divisional Canal Officer. Such contractor must for the whole term of the lease have a beneficial interest in some part of the land included in the application and must sign an application in the form given as Appendix VIII. The appointment shall not be made unless the lambardars and leading cultivators give their assent in writing thereto and the Collector is satisfied that the appointment of a contractor is acceptable to the signatories to the lease.

30. The contractor appointed under rules 25 and 29 may, but shall not necessarily be, lambardar. The lambardar will in all cases be appointed by the Canal Officer under the provision of rule 22 and shall be remunerated at the rate specified in rule 21 subject to the conditions mentioned in rule 24.

31. No steps shall be taken to prepare a joint application by cultivators and a contractor until the written assent of the Collector to the proposed contractor has been received,

nor shall the Collector take any steps towards the appointment of a contractor under rule 29 until the written assent of the Divisional Canal Officer has been received. The Collector may, before approving of a contractor under this rule, require him to give security for the due performance of the contract.

32. A contractor may resign his interest in the lease by giving notice to the Divisional Canal Officer three months at least before the 16th June next following, in which case his connection with the lease shall cease from that date and the Subdivisional Canal Officer shall proceed to appoint a lambardar under rule 22 and the Collector to realise water-rate due directly from the lessees.

The Divisional Canal Officer may, at the instance of the Collector, remove any contractor who fails to use due diligence in making collections. In such cases three months' notice at the least before the 16th June next following shall be given and the removal shall take effect from that date. The Collector may, under the conditions and procedure specified in rule 29, appoint a new contractor in place of a contractor who has resigned or who has been removed.

ON UNAUTHORISED IRRIGATION.

33. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

34. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that the land deriving benefit is liable to assessment, he shall serve a notice on the persons concerned, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

35. The Divisional Canal Officer after hearing any objection that may be raised shall if he is of opinion that the land should be assessed, fix the rates allowed under rule 33 and return the record to the Subdivisional Canal Officer who shall then complete the assessment.. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate. It is not an unauthorised use of water during the *kharif* season to receive or to lead water on to unleased lands which may have been supplied to lands under lease in excess of requirements.

36. Applications for leases may be subsequently received from villages in which unauthorised irigation has occurred, and these villages may be granted leases; in such cases the persons assessed under rule 33 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 33. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 33.

ON PENALTIES AND CANCELLING OF LEASES.

37. Should it be proved, after due enquiry, that the supply of water given to any area leased for a term of years is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

38. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also, if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any lease for a term of years, if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease the lands covered by which cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

39. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose. Any person who after due warning breaks this rule may be proceeded against under section 93, clause (9) of the Bengal Irrigation Act, III of 1876.

40. NOTICE is hereby given that the thirty-fifth half-yearly Ordinary General Meeting of Shareholders will be held at the Registered Office of the Company, No. 9 Clive Row, Calcutta, on Friday, the 14th February 1908, at the termination of the Extraordinary General Meeting called for noon on that day, to receive the Directors' Report, pass the audited accounts to 31st December 1907, declare a dividend and transact any other business that may be brought forward.

Dividend warrants will be made out in favour of Shareholders whose names are in the Company's books on the 30th January 1908.

The Share Transfer Register of the Company will be closed from Friday, the 31st January to Friday, the 14th February 1908, both days inclusive.

By order of the Directors,

ERNSTHAUSEN LIMITED,
Managing Agents.

Calcutta, the 17th January 1908. (58—3—55)

In the matter of the Dum Duma Jhar Tea Co., "Ld."

AT an Extraordinary General Meeting of the Shareholders of the abovenamed Company held at its Registered Office, Darjeeling, on 11th October 1906, the following extraordinary resolution was duly passed:—

That it having been proved to the satisfaction of the Company that the Company cannot by reason of its liabilities coutinue its business, and it having been arranged for the transfer of the assets of the Company to Messrs. Jetmull and Bhojraj upon the terms mentioned in the Resolution of the Company, dated the 29th March 1906, it is advisable to wind up the Company voluntarily, carrying into effect the terms of the said resolution, under the provisions of the Indian Companies Act, 1882, section 173 (*e*), and that accordingly the Company be so wound up; and at the same time Babus S. P. Paul and S. K. Bose of Darjeeling, Shareholders of the Company, were appointed Liquidators with certain remunerations for the purposes of such winding up.

RAM CHANDRA SUKHANI, Chairman.

Dated the 9th November 1906.

N.B.—Through correspondence held by the Liquidators with the Publisher of the *Calcutta Gazette* in November 1906 they had the impression that the above notice was published in one issue of the *Gazette* in November. But it appears that this was not the case, though it was regularly published in three issues of the *Darjeeling Visitor*. The terms of Notice to creditors, Dum Duma Jhar Tea Co., "Ld.," published in the *Calcutta Gazette*, dated 12th December 1906 and 19th December 1906, and in the *Darjeeling Visitor*, dated 13th November 1906, 20th November 1906, and 27th November 1906, are hereby extended to them up to 31st January 1908.

S. P. PAUL,
S. K. BOSE, } Liquidators.

The 12th January 1908. (54—3—49)

Notice to Creditors.

In the Goods of William Moorhouse, deceased.

NOTICE is hereby given that Letters of Administration to the property and credits of the deceased above named having, on the 29th day of January 1908, been granted to Frederick Henry Eggar, all creditors and other persons having any claim against the estate of the abovenamed deceased are hereby required to send in writing the particulars thereof to the undersigned on or before the 1st day of March 1908, after which date the assets of the estate of the said deceased will be distributed by the said Frederick Henry Eggar, the Administrator, amongst the parties entitled thereto, having regard to the claims of which he has then had notice. And notice is hereby further given that the said Frederick Henry Eggar will not be liable for the assets or any part thereof so distributed to any person of whose claim he shall not have had notice at the time of such distribution; such notice to be sent to the undersigned.

Dated this 22nd day of January 1908.

S. S. HODSON,
Royal Insurance Buildings, Calcutta,
Attorney for Frederick Henry Eggar, Administrator to the estate of the deceased. (79—3—76)

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent; Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

Bills of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Lieutenant-Governor of Bengal on the 25th January, 1908, and is hereby published for information, together with the Statement of Objects and Reasons:—

THE REPEALING BILL, 1908.

A

BILL

to repeal the Central Provinces Laws Act, 1879, so far as it applies to the district of Sambalpur.

WHEREAS it is expedient to repeal the Central Provinces Laws Act, 1879, so far as it applies to the district of Sambalpur; II of 1879.

And whereas the previous sanction of the Governor General has been obtained, under section 5 of the Indian Councils Act, 1892, to the passing of this Act; 55 & 56 Vict., c. 14.

It is hereby enacted as follows: —

Short title and extent.

1. (*1*) This Act may be called the Repealing Act, 1908.

(*2*) It extends to the territory declared by the Proclamation of the Governor General in Council, No. 2833, dated the 1st September, 1905, to be subject to and included within the Bengal Division of the Presidency of Fort William.

Repeal of Act II of 1879 in the district of Sambalpur.

2. The Central Provinces Laws Act, 1879, is hereby repealed so far as it applies to the district of Sambalpur. I of 1879.

STATEMENT OF OBJECTS AND REASONS.

The object of the present Bill is to bring the Sambalpur District into line with the other districts in Bengal in regard to the recording *in extenso* of evidence in the Civil Courts. There appears to be no reason for a continuance in that district alone of the special procedure which was introduced by the Central Provinces Laws Act, 1879. It is therefore proposed to repeal that Act.

STATEMENT BY PRESIDENT.

The Hon'ble the PRESIDENT said:—"We have with us this morning several new Members of Council; and I desire in my own name and on behalf of my colleagues in Council to extend to them a very hearty welcome, and to express the hope that their tenure of office among us may be both useful and happy."

QUESTIONS AND ANSWERS.

APPOINTMENTS TO THE PROVINCIAL EXECUTIVE SERVICE.

The Hon'ble BABU KALI PADA GHOSH asked:—

(*a*) Will the Government be pleased to state the grounds on which the nomination, made last year by the Commissioner of the Chota Nagpur Division, of Babu Sailajpada Mukerjee as the best eligible candidate for an appointment in the Provincial Executive Service was not accepted by the Government, although in Government Resolution No. 5649A, dated the 26th December, 1904, on the subject of recruitment of the Executive Branch of the Provincial Civil Service, it is laid down that ordinarily the Lieutenant-Governor will appoint the candidate whom the Commissioner nominates as the first on the list?

(*b*) Is it not the declared policy of the Government that the Commissioner's nomination should not be vetoed except under special circumstances? If so, will the Government be pleased to state what special circumstances existed in the case above referred to?

(*c*) Is the Government aware of the fact that the candidate nominated by the Commissioner, apart from his qualifications, which were considered to be the best by the Commissioner amongst all the candidates who had appeared before him, is a member of a family domiciled in Chota Nagpur for more than four generations?

(*d*) Can it be a fact that because the Commissioner's nominee was a Bengali he was superseded by some other candidate?

The Hon'ble MR. GAIT replied:—

"(*a*) The orders in regard to recommendations by Commissioners for the Provincial Service are that the Commissioner shall nominate two candidates for each appointment and give the names of these candidates in order of preference; further, that he will report in regard to all the other names submitted by Collectors whether he regards them as eligible for office or not. The Lieutenant-Governor reserves to himself the right of selection from amongst those nominated. Ordinarily the first on the list would be appointed; but special circumstances may require the appointment of another candidate. These special circumstances may be local or they may be caused by the question of the distribution of appointments throughout the province.

"(*b*) (*c*) (*a*) The Government must decline to publish the special reasons which lead to any candidate not receiving an appointment. To do so would be to establish a precedent which would be intolerable."

APPOINTMENTS TO THE PROVINCIAL EXECUTIVE SERVICE AND THE SUBORDINATE CIVIL SERVICES.

The Hon'ble BABU KALI PADA GHOSH asked:—

(*a*) Will the Government be pleased to state how many appointments in the Provincial Executive Service have, since the introduction of the nomination system, been given to the Bengalis whose families have been domiciled in the Division of Orissa from a period anterior to British rule in that part of the country?

(*b*) Is it not a fact that some appointments in the said service, as also in the Subordinate Civil Service, have been given to under-graduates in the Division of Orissa, but not a single domiciled Bengali under-graduate has been nominated to such appointments?

(*a*) In view of the large domiciled Bengali population in Orissa, and their position and influence, does the Government consider that their claims in the matter of these appointments have hitherto been duly considered?

The Hon'ble MR. GAIT replied :—

"(*a*) The system of appointment by nomination was introduced only in 1905. Since then out of seven persons appointed to the Provincial Executive Service from Orissa, three have been Bengalis and four Uriyas. The three Bengalis were domiciled in Orissa; but I cannot say if their ancestors were there before the commencement of British Rule.

"(*b*) Yes.

"(*c*) Their claims have received ample consideration."

SCARCITY IN THE CHOTA NAGPUR DIVISION.

The Hon'ble BABU KALI PADA GHOSH asked:—

(*a*) Is the Government aware that food-grains in the Division of Chota Nagpur, especially in the districts of Hazaribagh and Ranchi, are now selling at nearly double the ordinary prices, and that a famine is apprehended in that Division?

(*b*) In view of the above fact, does not the Government consider it necessary to start relief operations in such parts of the Division as have been most affected; and, if so, will the Government be pleased to state the nature and extent of such operations, and how much money has been allotted for the purpose?

The Hon'ble MR. GAIT replied :—

"(*a*) Government is aware that the prices of food-grains in the Chota Nagpur Division are high; but there is no famine at present. As a matter of fact, the Engineers cannot even get the labour which they require for ordinary road works, etc.

"(*b*) Arrangements have been made for famine relief operations, and relief works will be opened should necessity arise. But the time has not yet come, and it may be hoped that it will not come at all, for a famine campaign. *Takavi* loans are being given freely. The allotments already made for this purpose to the several districts for the current financial year, *i.e.*, up to the 31st March next, are as follows:—

District.	Rs.
Hazaribagh	... 42,400
Ranchi	... 25,500
Palamau	... 1,14,500
Manbhum	... 26,500
Singhbhum	... 11,100
Total	... 2,20,000 "

IRRIGATION SCHEME IN THE CHOTA NAGPUR DIVISION.

The Hon'ble BABU KALI PADA GHOSH asked:—

(*a*) Will the Government be pleased to state the nature of the recommendation made by the Executive Engineer, Babu Saroda Sunder Pal, who was deputed some time ago to make a preliminary inquiry about the irrigation scheme in the Division of Chota Nagpur?

(*b*) Does the Government intend to carry out the scheme (if any) recommended by the said Executive Engineer?

The Hon'ble MR. INGLIS replied :—

"In the spring of 1906 Babu Saroda Sunder Pal, Executive Engineer, investigated a proposed irrigation scheme from the Karo river in the Ranchi district of Chota Nagpur. This is apparently the scheme referred to by the

Hon'ble Member. The Engineer's inquiries and survey showed that the area of land which could be irrigated was considerably less than had been at first assumed, while the cost of the works would be great and disproportionate to the benefit. It is not proposed to proceed with this scheme. The services of the Executive Engineer were subsequently placed at the disposal of the Commissioner for further inquiries into the possibilities of irrigation in the division."

MINISTERIAL OFFICER'S SALARIES.

The Hon'ble BABU GAJADHAR PRASAD asked :—

Will the Government be pleased to state whether the Ministerial Officers' Salaries Committee has submitted its final report? If so, will the Government be pleased to lay it on the table?

The Hon'ble MR. OLDHAM replied :—

"The Ministerial Officers' Salaries Committee have submitted their report, and it has been forwarded to the Government of India with the recommendations of this Government. As the matter is still under the consideration of the Government of India, the Lieutenant-Governor regrets he is unable to lay the report upon the table."

WEIGHTS AND MEASURES.

The Hon'ble BABU GAJADHAR PRASAD said :—

People are put to great inconvenience by the diversity of the weights and measures used in the Provinces of Bihar and Bengal. Will the Government be pleased to state whether it considers it expedient to take steps to secure uniformity of weights and measures, at least in those towns of these provinces where the Municipal Act is in force?

The Hon'ble MR. OLDHAM replied :—

"This question has already received the full consideration of Government, and it has been decided, with the consent of the Government of India, to amend the Bengal Municipal Act, III of 1884, so as to take permissive powers for Commissioners of Municipalities at their discretion to enforce the use of Government standards of weights and measures in Municipal areas."

BIHAR SCHOOL OF ENGINEERING.

The Hon'ble BABU GAJADHAR PRASAD said :—

Bihar is backward in point of technical education. The present Bihar School of Engineering is housed in a big and commodious building. The raising of the status of the School would necessitate only a small addition to its present staff. Such being the facts, will it please the Government to consider the expediency of raising the Bihar School of Engineering to the status of a College?

The Hon'ble MR. STREATFEILD replied :—

"It is hoped that the Sibpur Engineering College will shortly be removed to Ranchi. This site will be in all respects as favourable for Bihari students as for students from the rest of Bengal. The Lieutenant-Governor, as at present advised, does not consider that there is room for a second Engineering College in this Province. It would not be possible to have another College equally efficient with the College now situated at Sibpur."

SALE OF UNWHOLESOME FOOD IN CALCUTTA.

The Hon'ble the NAWAB BAHADUR of Murshidabad asked :—

Is the Government aware that the sale of unwholesome food by itinerant vendors and keepers of eating-houses is a growing nuisance in Calcutta and has in some cases been attended with serious consequences?

And, if so, will the Government be pleased to state if it thinks it necessary to take any, and what, steps in the matter, with a view to stop or minimise the evil?

The Hon'ble MR. OLDHAM replied :-

"This is a matter for the Health Officer and Chairman of the Corporation to deal with in the first instance. The Chairman recently submitted to Government certain draft by-laws under sections 559 (*41*) and 561 of the Calcutta Municipal Act, 1899, framed by the Corporation with a view to securing the efficient inspection and sanitary regulation of shops in which articles of human food are kept or sold. These have been approved by Government and published in the Calcutta Gazette under Notification No. 85M, dated the 13th instant. The Hon'ble Member's attention is also invited to sections 502 and 503 of the Act. The Lieutenant-Governor considers that the powers already vested in the Chairman by the provisions of the law are sufficient, if properly exercised, to stop the evil referred to in the question."

REGARDING DEATH OF RAJANI KANTA DASS.

The Hon'ble BABU RADHA CHARAN PAL asked:—

(*a*) Has the attention of the Government been drawn to the proceedings in the Coroner's Court in connection with the inquest over the body of one Rajani Kanta Dass, who died from the injuries he had received during the disturbances in Calcutta in October last, and to the verdict of the said Court, as reported in the papers, ascribing his death to "some parawalla unknown"?

(*b*) Will the Government be pleased to state what action the Government has taken to find out the offender in the above case?

(*c*) Is it the case that a petition has been submitted to the Government by the mother of the deceased, who was the sole bread-winner of his family, on behalf of herself, her widowed daughter-in-law and her orphan grand-child, for the grant of a suitable compensation to them? If so, will the Government be pleased to state what orders have been passed, or are intended to be passed, upon it?

The Hon'ble MR. GAIT replied :—

"(*a*) The attention of Government has been drawn to the verdict of the Coroner's Jury.

"(*b*) Inquiries have been made; but it has been found impossible to trace the constable who is alleged to have struck the deceased. There was nothing to identify him beyond the statement made by the deceased. The latter at first stated that he could not describe the constable; but in his dying deposition he, for the first time, stated that the constable had a white beard, and added that this was all that he could say. The occurrence took place according to one account on the 2nd of October, and according to another on the 3rd. Death resulted from 'tetanus ensuing on a scalp wound inflicted with a *lathi* by a *paharawalla*.' The deceased went about his ordinary work for nearly a fortnight before he became ill, and the matter assumed a serious aspect.

"(*c*) A petition has recently been submitted to Government which is still under consideration."

DISTURBANCES IN CALCUTTA IN OCTOBER, 1907.

The Hon'ble BABU RADHA CHARAN PAL asked :—

(*a*) Is it not the case that, in view of the great dissatisfaction and alarm caused by the published reports regarding the conduct of the Police in connection with the disturbances in Calcutta in October last, some representative citizens of Calcutta approached His Honour the Lieutenant-Governor with a prayer for the appointment of a United Commission, consisting of official and non-official gentlemen, to inquire into the allegations made against the Police and that the same prayer was also repeated in certain organs of Indian public opinion?

(*b*) Will the Government be pleased to state the grounds on which it was decided to entrust the inquiry to a single official instead of to a mixed Commission as prayed for?

(*c*) Will the Government be pleased to state why the depositions of all the witnesses examined by Mr. Weston were not published?

(*d*) With reference to the statement made in the Government Resolution that the Commissioner of Police was anxious to punish any officers in respect of whom there would be sufficient evidence of misconduct, will the Government be pleased to state what action the Commissioner of Police has taken in this direction? Have any policemen been departmentally punished? If so, in what way?

The Hon'ble MR. GAIT replied :—

"(*a*) Yes.

"(*b*) The appointment of a mixed Commission would have been a very unusual course; and there did not appear to be sufficient reason for departing from the usual practice of entrusting the inquiry to an officer of Government.

"(*c*) The depositions of the witnesses examined by Mr. Weston were not published with the Government Resolution and Mr. Weston's Report, partly because they were bulky and partly because they had not been printed in time. A copy of these depositions has been handed to the Hon'ble Member and copies will be placed in the Press Room.

"(*d*) Regular proceedings have been drawn up against one Sub-Inspector, three Head-Constables, and thirty-five Constables for assault, neglect of duty in not preventing certain shops from being rifled by the mob, for leaving their beats without good and proper excuse, and for failing to report to their superior officers unlawful acts committed within their sight or to their knowledge. Proceedings have also been drawn up against the Head-Constable referred to in paragraphs 9 and 10 of Mr. Weston's Report. The written defence of these police officers has been received, but final orders have not yet been passed."

CALCUTTA BEGGARS.

The Hon'ble BABU RADHA CHARAN PAL asked :—

(*a*) Is the Government aware that large numbers of poor and decrepit persons are sentenced to rigorous imprisonment on the charge of begging for alms in the streets of Calcutta?

(*b*) Will the Government be pleased to consider whether it will not be advisable to establish an asylum, on the model of the Government Workhouse for European vagrants, as a refuge for these destitute and decrepit persons?

The Hon'ble MR. STREATFEILD replied :—

"The question of the best method of dealing with the mendicants who infest the streets of Calcutta is a very difficult one. It is receiving the careful consideration of Government; but no definite conclusion has yet been arrived at."

WHIPPING SENTENCES IN THE CALCUTTA POLICE COURT.

The Hon'ble BABU RADHA CHARAN PAL asked :—

Will the Government be pleased to state the number of persons that have been sentenced to whipping in the Calcutta Police Courts during the years 1905, 1906 and 1907, respectively?

The Hon'ble MR. STREATFEILD replied :—

"The numbers are—

1905	375
1906	321
1907	402"

POLICE LIBEL CASE.

The Hon'ble BABU RADHA CHARAN PAL asked :—

Will the Government be pleased to state what expenses it has to incur and the liabilities it has to meet in connection with the suits instituted in the High Court, by certain Officers of the Calcutta Police, against the "Indian Daily News" and other newspapers ?

The Hon'ble MR. GAIT replied :—

"The account has not yet been finally settled. The amount paid up to date is between Rs. 16,000 and Rs. 17,000.

COMMENTS IN SESSIONS COURTS ON CONDUCT OF POLICE OFFICERS.

The Hon'ble BABU RADHA CHARAN PAL asked :—

Is it the case, as stated in the newspapers, that the Government of Bengal addressed a communication to the Hon'ble High Court suggesting an alteration in the methods of comments by Sessions Judges on the conduct of the investigating police ? If so, will the Government be pleased to lay on the table the letter of the Government addressed to the High Court, and the reply of the High Court thereto ?

The Hon'ble MR. STREATFEILD replied :—

"The correspondence referred to is laid on the table."

FAMINE IN ORISSA.

The Hon'ble BABU RADHA CHARAN PAL asked :—

(*a*) Will the Government be pleased to lay on the table a statement showing the number of persons that are now receiving gratuitous relief, and the number of persons employed on relief works, and the total amount that has been spent by the Government for each of these purposes, in each of the affected districts of Orissa ?

(*b*) Will the Government be pleased to state if anything is being done to assist respectable poor females who will not come forward to ask for relief owing to restrictions of the Zenana and the caste system ?

(*c*) Is it a fact that there has been a large number of deaths from cholera, bowel complaints and other causes directly connected with want of food or bad food ?

(*d*) What wages are being offered at test works started by the Government ? Are the wages that are being offered sufficient for the famine-stricken people to live upon in these times, when famine prices are ruling in the market ? If not, will the Government be graciously pleased to increase the rate of these wages ?

The Hon'ble MR. GAIT replied :—

"(*a*) The number of persons now receiving gratuitous relief and employed on test works are as follows :—

District.	Gratuitous relief.	Employed on test works.	REMARKS.
Cuttack	7,914	398*	*Excludes P. W. D. test works for which figures are not available.
Balasore	3,300	224	
Puri	593	1,461	

"The expenditure in Cuttack up to the 18th January was, on test works Rs. 566-3, and on gratuitous relief Rs 27,979. In Balasore, Rs. 4,000 has been spent on gratuitous relief and Rs. 1,200 on test works. This is exclusive of an expenditure on gratuitous relief of Rs. 1,681 in Cuttack and Rs. 3,200 in Balasore from private subscriptions, and of Rs. 4,000 in Cuttack from Babu

Joy Gobind Law's Fund. Information has not yet been received as to the expenditure in Puri.

"(*b*) The Hon'ble Member's attention is invited to Article 174 (*f*) of the Bengal Famine Code. Lists of persons entitled to gratuitous relief under that article have been carefully prepared.

"(*c*) Cholera broke out in epidemic form in Cuttack about the time of the floods, but it is now disappearing.

"(*d*) The wages on test works are regulated by the provisions of Article 163 (page 51) and Form C-VI (page 165) of the Famine Code."

THE REPEALING BILL, 1908.

The Hon'ble MR. STREATFEILD moved for leave to introduce a Bill to repeal the Central Provinces Laws Act, 1879, so far as it applies to the district of Sambalpur. He said:—

"By this Act sections 184, 185 and 189 of the Code of Civil Procedure were repealed, and for sections 182, 190 and 191 of the Code three new sections were substituted. In accordance with the provisions of these sections the full record of evidence supplemented by a memorandum written by the Judge, which is prescribed by the Code of Civil Procedure, is, as regards civil suits tried in Sambalpur, replaced by a note of the essential points of the evidence made by the Judge in his own language or in English.

"The Hon'ble the Chief Justice and Judges of the High Court have pointed out that, since the district of Sambalpur has been transferred to Bengal, there is no reason for the continuance of a special procedure for that district alone.

"The present Bill, if passed into law, will bring the district of Sambalpur into line with the other districts of Bengal in regard to the recording *in extenso* of evidence in the Civil Courts.

"As drafted it contains only two sections, but it will probably be necessary to add a third section in order to revive sections 184, 185 and 189 of the Code of Civil Procedure."

The motion was put and agreed to.

The Hon'ble MR. STREATFEILD introduced the Bill and moved that it be read in Council.

The motion was put and agreed to, and the Secretary accordingly read the title of the Bill.

The Hon'ble MR. STREATFEILD also moved that the Bill be referred to a Select Committee consisting of the Hon'ble Mr. Gordon, the Hon'ble Babu Kali Pada Ghosh and the Mover, with instructions to report at the next meeting of Council.

The motion was put and agreed to.

The Council was then adjourned to Saturday, the 8th February, 1908.

CALCUTTA;
The 28th January, 1908.

F. G. WIGLEY,
Secretary to the Bengal Council.

THE MONSOON OF 1907.

THE following report is published for general information.

E. A. GAIT,
Chief Secy. to the Govt. of Bengal.

The 25th January 1908.

RAINFALL SUMMARY FOR THE MONSOON PERIOD OF 1907.

IN this brief introduction to the rainfall tables, which give full information regarding the rainfall measured during the South-West monsoon months in all parts of the Province, no attempt is made to discuss the atmospheric conditions.

During the month of January, the rainfall was seasonable. There was practically no rain in Lower Bengal. A few light showers fell in parts of Bihar, Chota Nagpur and Orissa, in all cases below the average. The months of February, March and April were remarkable for heavy rainfall in all the Divisions of the Province. In these three months the fall varied between 93 per cent. of the normal in February in South-West Bengal to 468 per cent. in Bihar in March. In May the rainfall was in defect in all the Divisions.

June is the most important month of the year, as the advance of the monsoon current and the commencement of the rains in Bengal usually take place then. The South-West monsoon was actively established in Bengal on the 17th of June.

"In Bengal, the rains commenced about the normal date, but the rain-bearing current like that from the Arabian Sea, was restricted to a comparatively small area, and never extended westwards beyond Bihar. It may be noted that although the delay in the arrival of the monsoon currents in the coast districts has not been greater than in June 1906, their progress inland has been considerably slower." (The Weather summary for India for the month of June 1907.)

There was a slight defect in the districts of Burdwan and Birbhum, but the rainfall in South-West Bengal was well above the average. It was deficient in the districts of Saran, Champaran, Muzaffarpur, Darjeeling and Purnea. The departure from the normal in Champaran was 5·09 inches. In the districts of Angul and Balasore in Orissa the fall was in excess of the normal, and it was in great excess throughout Chota Nagpur.

The rainfall in July was considerably below the average in almost all the districts of Bengal. The deficiency varied from 1·13 inches in Bhagalpur to 8·65 inches in Singhbhum. Only in the districts of Nadia, Jessore and Khulna in South-West Bengal, and in the districts of Champaran and Purnea was the fall above the average. Expressed in percentage figures, the above-named districts in South-West Bengal received 109, 142 and 109 per cent. of their normal fall, and Champaran and Purnea in Bihar received 112 and 123 per cent., respectively, of their normal rain. In the Province as a whole the rainfall was about two-thirds of the normal.

During the month of August, the rainfall distribution was characterized by great irregularity. It was very heavy in Orissa and Chota Nagpur.

Cuttack received an average of 32·44 (normal 12·77), Sambalpur 27·36 (normal 15·18), Balasore 24·54 (normal 11·35), Angul 21·21 (normal 10·45), Puri 17·95 (normal 12·05), Palamau 24·47 (normal 13·42) and Ranchi 25·01 (normal 13·31). Expressed in percentages the above districts received 254, 180, 207, 203, 149, 182 and 188 per cent., in excess respectively. Except the districts of Midnapore and Howrah, where there was a very slight excess, the whole of South-West Bengal received less than the average fall.

During the month of September the rainfall of the Province was below the average everywhere except in the districts of Bankura, Midnapore and Hooghly in South-West Bengal, Patna, Gaya, Muzaffarpur, Darbhanga and Monghyr in Bihar, and Hazaribagh, Manbhum and Singhbhum in Chota Nagpur. Bankura received 115 per cent., Midnapore 110 per cent., Hooghly 119 per cent., Patna 110 per cent., Gaya 150 per cent., Muzaffarpur 120 per cent., Darbhanga 118 per cent., Monghyr 149 per cent., Hazaribagh 118 per cent., Manbhum 131 per cent., and Singhbhum 153 per cent. in excess of the normal.

In October the rainfall was in defect in all districts, the deficiency averaging 75 per cent. in Orissa, 96 per cent. in Bihar, and 100 per cent. in Chota Nagpur. The highest rainfall was received at Puri, where only 2·35 inches, or 32 per cent. of the average fall, was recorded. The Province received 89 per cent. of the normal.

The South-West monsoon of 1907 was therefore not a generous one in Bengal. South-West Bengal received during the whole period 83 per cent. of the normal, Bihar 74 per cent., Orissa 105 per cent. and Chota Nagpur 90 per cent.

* The report is for the week ending the 18th January 1908.

General Summary.—No rain was received in the Province throughout the week. The weather in Bihar was cold and cloudy in the beginning, but cleared up during the latter part of the week. In the rest of the Province it was seasonable. The harvesting of winter rice has been practically completed. Barley and gram sowings still continue in the Jehanabad subdivision of Gaya. The rain which fell during the last fortnight has proved beneficial to standing crops. More rain, however, is needed in the Bhabhua subdivision of Shahabad, in Muzaffarpur and Bhagalpur. Sugarcane-pressing is still in progress. Ploughing of lands for sugarcane and *bhadoi* crops has commenced in Nadia, Champaran, Purnea, Sambalpur, Ranchi and Palamau. Weeding of poppy is going on in Saran and early poppy is being gathered in Patna. *Rabi* crops are reported to be generally good in Bihar, but prospects are not favourable in the Jamui subdivision of Monghyr, the Banka subdivision of Bhagalpur, the Araria subdivision of Purnea and in Midnapore, Nadia and Murshidabad. Extreme cold has damaged peas and *masur* in Shahabad. Insect pests are doing damage to spring paddy in Dhamnagar thana in Balasore. Cattle-disease prevails in Murshidabad, Gaya, Bhagalpur, Puri, Sambalpur, Hazaribagh, Ranchi, Palamau and Manbhum. There is still a scarcity of water in places in Murshidabad. Insufficiency of fodder and water is reported from the flood-affected tracts of Balasore. The price of rice has risen in Chota Nagpur (Palamau excepted), in Hooghly, Nadia, Patna, Saran, Darbhanga and Darjeeling and also in Cooch Behar, and has fallen in Birbhum, Howrah, Jessore, Gaya, Bhagalpur, the Sonthal Parganas, Cuttack and Palamau. Food stocks are insufficient in Bankura, Nadia, Murshidabad, in the Deoghur and Pakaur subdivisions of the Sonthal Parganas and in Balasore, Ranchi and Palamau. Scarcity is apprehended in Nadia, in the Kandi subdivision of Murshidabad, the Bhabhua and Sasaram subdivisions of Shahabad, the Darauli and Manjhi thanas of Saran, the Jamui subdivision of Monghyr and in Ranchi and Palamau; also in Birbhum, Jessore and Gaya in the months of March and April. In Bankura 2,774 men, 1,524 women and 94 children (total 4,392) attended test-works. In Cuttack 512 persons were on test-works, and gratuitous relief was given to 1,482 men, 3,569 women and 3,861 children (total 8,912). In Balasore 164 persons were employed on test-works and 280 men, 1,368 women and 1,601 children (total 3,249) received gratuitous relief. In Puri there were 411 men and children on test-works, and 62 men, 125 women and 166 children (total 353) were given gratuitous relief. The total number of persons employed on test-works in Bengal was 5,479, and that of those in receipt of gratuitous relief was 12,514.

The report of the Feudatory States of Orissa for the week ending 18th January shows that the prospects of *rabi* crops during that period were not very favourable. Fodder and water were sufficient and the condition of the agricultural stock was good.

The mean pressure, temperature, etc., are deduced from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 21 hours preceding 8 A.M. of that day.

NOTIFICATIONS

No. 314Meal.—The 4th February 1908.—In exercise of the power conferred by section 2 of the Poisons Act 1904 (I of 1904), the Lieutenant-Governor is pleased to make the following rules to regulate the possession for sale, and the sale, of certain poisons, within the limits of Municipalities and Cantonments in Bengal :—

I.—In these rules :—

"Poison" means Aconite, Nux Vomica, Perchloride of Mercury (Corrosive Sublimate), Cyanide of Potash, and Stramonium (Dhatura); and the expressions "sell" and "sale" mean respectively "sell by retail" and "sale by retail."

II.—No persons shall possess any poison for sale except under a license granted in this behalf by the District Magistrate, and no person not possessing such a license shall sell any poison.

III.—The grant or withdrawal of a license to any applicant shall be at the discretion of the District Magistrate, whose decision thereon shall be final.

IV.—A fee of Re. 1 per annum shall be charged for each license granted under rule II, and shall be paid before the grant of such license; and the license shall be inscribed on a non-judicial impressed stamped paper of the appropriate value; provided that no fee shall be charged to any person who has already paid the annual fee for a license to possess white arsenic for sale under the rules made under section 4 of the Poisons Act, 1904.

V.—Every license granted under rule II shall terminate on the death of the license-holder.

VI.—The District Magistrate may, for any sufficient cause, revoke or cancel any such license.

VII.—A license-holder shall effect every sale of poison in person.

VIII.—A license-holder shall not sell any poison to any person, unless the latter is personally known to him, or is identified to his satisfaction. He shall not sell any poison to any person who appears to him to be under the age of 18, or to any person who does not appear to him to be in full possession of his faculties, or to any wandering mendicant.

IX.—A license-holder shall not sell any poison of a quantity exceeding one ounce at any one time and to any one person.

X (*1*).—A license-holder shall maintain a register in which he shall enter all sales of poison. (*2*) The following particulars shall be entered in such register in respect of each sale, namely:—

(*a*) Name of poison.
(*b*) Quantity sold.
(*c*) Date of sale.
(*d*) Name of purchaser.
(*e*) Address of purchaser.
(*f*) Purpose for which the poison is stated to be required.
(*g*) Signature of purchaser (or, where purchaser is illiterate, his thumb-mark).
(*h*) Signature of vendor.

XI.—A license-holder shall maintain in respect of each poison a stock register which shall contain the following particulars, namely:—

(*a*) Serial number.
(*b*) Date.
(*c*) Amount received.
(*d*) Name and address of person from whom received.
(*e*) Amount sold.
(*f*) Balance in stock.
(*g*) Remarks.

XII.—Any Magistrate, any Police-officer of or above the rank of Sub-Inspector, any Revenue-officer of or above the rank of Kanungo or Naib-Tahsildar, or any Medical Officer of or above the rank of Hospital Assistant, may at any time visit and inspect the premises of a license-holder where poison is kept for sale, and may inspect all poisons found therein and the registers maintained under rules X and XI.

XIII (*1*).—All poisons shall be kept in a separate locked almirah or box, which shall have the word "Poison" in English and the Vernacular painted on it in red letters. (*2*) Each small receptacle within such almirah or box shall be marked in paint with the name of the poison contained in it, and shall also have the word "Poison" in English and the Vernacular painted upon it in red letters.

XIV.—Poison shall not be kept otherwise than in securely closed receptacles of glass, tin or earthenware.

XV.—When any poison is sold, it shall be securely packed in a packet, and every packet sold shall be labelled by the vendor with a red label bearing the name of the poison in the Vernacular, the name of the vendor and the number and date of the entry in the register of sales.

XVI.—When a license-holder also deals in poisons wholesale, the stock maintained for sale by retail shall be kept entirely distinct from any stock maintained for the purpose of wholesale transactions.

XVII.—The powers conferred by these rules upon a District Magistrate may be exercised in the town of Calcutta, as defined in section 3 of the Calcutta Municipal Act, 1899 (Ben. Act III of 1899), by the Commissioner of Police, and in a Cantonment by the Cantonment Magistrate.

No. 315Medl.—The 4th February 1908.—In exercise of the power conferred by section 4 of the Poisons Act, 1904 (I of 1904), the Lieutenant-Governor is pleased to make the following rules to regulate the possession for sale, and the sale, of white arsenic in Bengal:—

I.—In these rules the expression "sell" and "sale" mean respectively "sell by retail" and "sale by retail."

II.—No person shall possess white arsenic for sale, except under a license granted in this behalf by the District Magistrate, and no person not possessing such a license shall sell any white arsenic.

III.—The grant or withdrawal of a license to any applicant shall be at the discretion of the District Magistrate, whose decision thereon shall be final.

IV.—A fee of Re. 1 per annum shall be charged for each license granted under rule II, and shall be paid before the grant of such license; and the license shall be inscribed on a non-judicial impressed stamped paper of the appropriate value: Provided that no fee shall be charged to any person who has already paid the annual fee for a license to possess poison for sale under the rules made under section 2 of the Poisons Act, 1904.

V.—Every license granted under rule II shall terminate on the death of the license-holder.

VI.—The District Magistrate may, for any sufficient cause, revoke or cancel any such license.

VII.—A license-holder shall effect every sale of white arsenic in person.

VIII.—A license-holder shall not sell any white arsenic to any person, unless the latter is personally known to him, or is identified to his satisfaction. He shall not sell any white arsenic to any person who appears to him to be under the age of 18, or to any person who does not appear to him to be in full possession of his faculties, or to any wandering mendicant.

IX.—A license-holder shall not sell white arsenic in a quantity exceeding one ounce at any one time and to any one person.

X (*1*)—A license-holder shall maintain a register in which he shall enter all sales of white arsenic. (*2*) The following particulars shall be entered in such register in respect of each sale, namely:—

(*a*) Name of poison.
(*b*) Quantity sold.
(*c*) Date of sale.
(*d*) Name of purchaser.
(*e*) Address of purchaser.
(*f*) Purpose for which the white arsenic is stated to be required.
(*g*) Signature of purchaser (or, where the purchaser is illiterate, his thumb-mark).
(*h*) Signature of vendor.

XI.—A license-holder shall maintain a stock register which shall contain the following particulars, namely:—

(*a*) Serial number.
(*b*) Date.
(*c*) Amount received.
(*d*) Name and address of person from whom received.
(*e*) Amount sold.
(*f*) Balance in stock.
(*g*) Remarks.

XII.—Any Magistrate, any Police-officer of or above the rank of Sub-Inspector, any Revenue-officer of or above the rank of Kanungo or Naib-Tahsilder, or any Medical Officer of or above the rank of Hospital Assistant, may at any time visit and inspect the premises of a license-holder where white arsenic is kept for sale, and may inspect the stock found therein and the registers maintained under rules X and XI.

XIII (*1*).—White arsenic shall be kept in a separate locked almirah or box which shall have the word "Poison" in English and the Vernacular painted on it in red letters. (*2*) Each small receptacle within such almirah or box shall be marked in paint with the name of the poison contained in it, and shall also have the word "Poison" in English and the Vernacular pointed upon it in red letters.

XIV.—White arsenic shall not be kept otherwise than in securely closed receptacles of glass, tin or earthenware.

XV.—When any white arsenic is sold, it shall be securely packed in a packet, and every packet sold shall be labelled by the vendor with a red label bearing the name of the poison in the Vernacular, the name of the vendor, and the number and date of the entry in the register of sales.

XVI.—A license-holder shall not sell powdered white arsenic to any person, unless the same is, before the sale thereof, mixed with soot, indigo, or Prussian blue in the proportion of half an ounce of soot, indigo, or Prussian blue at least to one pound of the white arsenic, and so in proportion for any greater or less quantity.

XVII.—When a license-holder also deals in white arsenic wholesale, the stock maintained for sale by retail shall be kept entirely distinct from any stock maintained for the purpose of wholesale transactions.

XVIII.—The powers conferred by these rules upon a District Magistrate may be exercised in the town of Calcutta as defined in section 3 of the Calcutta Municipal Act, 1896 (Ben. Act III of 1899), by the Commissioner of Police, and in a Cantonment by the Cantonment Magistrate.

Offg. Secy. to the Govt. of Bengal.

IRRIGATION DEPARTMENT.

[Second Publication.]

The 28th January 1908.

No. 2.—Notification.—In exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, His Honour the Lieutenant-Governor of Bengal proposes to make the following revised water-rate rules for the Dhaka Canal in supersession of those passed in Notification No. 11, dated the 27th March 1905, and modified in Notification No. 3, dated the 16th March 1907 and in lieu of those proposed in Bengal Government Notification No. 1, dated the 21st January 1908.

R. E. CARTER,
Offg. Secy. to the Govt. of Bengal.

AS EXISTING.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 16, the Collector may require the Superintending Engineer to state his opinion in writing, which opinion shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

(*a*) the Sectional Officer, or
(*b*) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

AS PROPOSED.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the Canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from an order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 16, the Collector may require the Superintending Engineer to state his opinion in writing, which opinion shall form part of the record of the proceedings of the case.

ON APPLICATIONS.

5. Any person who requires a lease for water may apply to—

(*a*) the Sectional Officer, or
(*b*) the Subdivisional Canal Officer.

These preliminary applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block or a definite part of a block under the following conditions:—

(*i*) No lease for less than 10 acres shall be granted.

(*ii*) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease at a period less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

11. When water is required, pending the completion of a lease for a term of years, the Subdivisional Canal Officer may, on application, grant a season lease which will be cancelled if the long lease is subsequently concluded.

12 Season leases for the supply of water at any season may be granted on application by the Subdivisional Canal Officer.

13. When a lease is granted, an agreement shall be taken in forms given in Appendices I, III, IVA and IVB, and a "permit" shall be given to the lessee or lessees in forms given in Appendices II, IV and IVC.

14. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (forms of application and permit are given in Appendices V and VI).

ON WATER-RATES.

15. The following rates will be charged for water supplied, whether taken by lift or flow:—

	Rs.	A.	
I.—Leases for a term of years, 16th June to 15th November.	1	0	per acre.
II.—Season leases, 16th June to 15th November.	1	8	„ „
III.—Season leases, 1st November to 28th February.	0	8	„ „
IV.—Season leases, 1st March to 15th June.	2	0	„ „
V.—Water supplied to tanks.	1	0	„ 10,000 c. ft.

ON LEASES AND PERMITS.

6. Leases for a term of 3years may be granted under the following conditions:—

(i) The lands to be irrigated must constitute a block with defined boundaries and be so situated that adjoining lands will not ordinarily or probably be irrigated with water supplied.

(ii) All the irrigable lands within the limits of the block must be included.

(iii) Sufficient distributing channels must be provided to enable the irrigation to be carried on without waste of water.

(iv) No lease will be granted when the water must cross unleased lands unless there is a channel which will, in the opinion of the Subdivisional Canal Officer, convey the water across the intervening land without waste.

Applications for leases for a term of years will be received up to 1st May in each year. It shall be within the discretion of the Divisional Canal Officer to accept or decline applications for such leases if presented at a later date.

7. The Divisional Canal Officer shall issue permits for leases for a term of years to the lessee through the Subdivisional Canal Officer.

8. When water is required, pending the completion of a lease for a term of years, the Subdivisional Canal Officer may, on application, grant a season lease which will be cancelled if the lease for a term of years is subsequently concluded.

9. Season leases for the supply of water for any crop may be granted, on application, by the Subdivisional Canal Officer.

10. When a lease is granted, an agreement shall be taken in forms given in Appendices I, III, IVA, IVB, VII and IX and a "permit" shall be given to the lessee or lessees in forms given in Appendices II, IV, IVC, X and XI.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (forms of application and permit are given in Appendices V and VI).

ON WATER-RATES.

12. The following rates will be charged for water supplied, whether taken by lift or flow:—

	Rs.	A.	
I.—Leases for a term of 3 years, 16th June to end of February in each year.	1	0	per acre.
II.—Season leases, 16th June to 31st October.	2	0	„ „
III.—Season leases, 1st November to end of February.	1	0	„ „

ON DEMAND STATEMENTS.

16. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when or before the demand statement is sent to the Collector for realization. Persons charged under rule 26 shall be served as soon as the charge is made, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

17. The rates for water supplied between 16th June and 15th November, whether on leases for a term of years or on season leases, shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied between 1st November and 28th February shall fall due on the 1st April following.

The rates for water supplied between 1st March and 15th June shall fall due on the 1st July following.

The rates for water to be supplied to tanks shall be payable before water is supplied.

18. Water-rates imposed under rule 26 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

19. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(*i*) By the Divisional Canal Officer for errors in assessment or rates.

(*ii*) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficieney in the supply of water.

In the latter case a written application must be made at least 20 days before the crop is cut.

20. Remissions on other grounds than the above require the sanction of Government.

21. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable

	Rs.	A.	
IV.—Season leases, 1st March to 15th June.	2	0	per acre.
V.—For one or more waterings supplied between 1st March and 15th June.	0	12	for each watering.
VI.—Water supplied to tanks.	1	0	per 10,000 c. ft

ON DEMAND STATEMENTS.

13. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when or before the demand statement is sent to the Collector for realization. Persons charged under rule 33 shall be served as soon as the charge is made, by post or otherwise, with a statement showing the amounts charged.

14. The rates for water supplied on a lease for a term of years between the 16th June and the end of February shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates of water supplied on season leases between the 1st June and 31st October shall be payable in two equal instalments falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied on season leases between 1st November to end of February shall fall due on the 1st April following.

The rates for water supplied on season leases between 1st March and 15th June shall fall due on the 1st July following.

The rates for water to be supplied to tanks shall be payable before water is supplied.

15. Water-rates imposed under rule 33 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

16. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(*i*) By the Divisional Canal Officer for errors in assessment or rates.

(*ii*) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficienoy in the supply of water.

In the latter case a written application must be made at least 20 days before the crop is cut.

17. Remissions on other grounds than the above require the sanction of Government.

18. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

may be written off as irrecoverable on the authority of the Superintending Canal Officer.

22. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

23. Before a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators, and shall each have a direct interest in the land covered by the lease. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *Jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

24. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

ON CULTIVATORS' REPRESENTATIVES.

19. In all applications and permits other than those relating to sale of water by volume, the names of one or more persons shall be entered as *lambardar* who will be responsible for discharging the duties mentioned below:—

I.—Obtaining signatures to applications and certifying to the correctness of the same.

II.—Attending and giving assistance in measuring land irrigated, or proposed to be irrigated.

III.—Giving timely information to the Canal Officer or subordinate of any insufficiency in the supply of water and promptly reporting when the irrigation of the leased area, on any channel, is complete.

IV.—Supervising the distribution of the water supplied through an outlet amongst the persons entitled thereto and reporting any misuse of the same.

V.—Being present when complaints are investigated by a Canal Officer, or subordinate, and giving information required in connection with the same.

VI.—Receiving *parchas* from the Canal Officer and distributing the same amongst the persons named therein.

VII.—Reporting before the 15th of October all cases in which crops have been injured by deficiency or irregularity of supply in the *kharif* season so that these cases may be investigated before water-rates are demanded.

VIII.—Reporting to the Collector or to such officer as he may appoint mutations in holdings in the case of leases for a term of years.

IX.—Assisting the Collector by pointing out the residences of the persons assessed and identifying them.

20. In the case of season leases the remuneration for performing the duties mentioned in the rule immediately preceding shall be two per cent. on the assessment (excluding fractions of a rupee) which shall be paid by the Canal Officer. The amount paid shall be calculated in rupees and annas only, pies being omitted.

25. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or their own occupation, which may lie within the boundaries of the long lease, subject to a total limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation and recover the rates, in whole or in part, from the *Jait raiyats* or *gumashtas* or other representative, if the assistance specified in rule 24 has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

26. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

27. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that the land deriving benefit is liable to assessment, he shall serve a notice on the persons concerned, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal

28. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the land should be assessed, fix the rates allowed under rule 26 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

29. Applications for leases may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; in such cases the persons assessed under rule 26 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 26. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 26.

21. In the case of leases for a term of years other than those entered into jointly with contractors the remuneration to be paid to the *lambardar* for performing the duties mentioned in rule 19 shall be three per cent. yearly on the assessment of the year (excluding fractions of a rupee) which shall be paid by the Canal Officer. The amount paid shall be calculated in rupees and annas only, pies being excluded.

22. The *lambardar* will be appointed by the Subdivisional Officer in consultation with the applicants for the lease and must be a substantial person having a beneficial interest in part of the land to be irrigated. There is no objection to different *lambardars* being appointed to represent sections of the applicants or to two or more persons being jointly appointed as *lambardars* on behalf of the whole of the applicants. In case the Subdivisional Canal Officer cannot agree with the applicants in the appointment of *lambardar*, he shall nominate a *lambardar* for approval by the Divisional Canal Officer.

In those cases where an application is made by a contractor and cultivators jointly for a lease for a term of years the *lambardar* shall be nominated by the contractor.

23. The Divisional Canal Officer may, for reasons which appear to him to be sufficient and which must be recorded, remove a *lambardar* from his appointment, and in that case a new *lambardar* shall be appointed in the manner prescribed in the rule immediately preceding.

24. The fees to be paid to *lambardars* will only be disbursed if the duties specified have been satisfactorily performed. The Divisional Canal Officer may retrench the whole or any part of the fees payable for reasons to be recorded in writing. In calculating the fees payable, fractions of one anna will be excluded.

Intermediary agency.

25. Leases for a term of years will be entered into with associations of cultivators as specified in these rules; and also on the joint application of the cultivators and of some person hereinafter called the contractor who shall collect and pay to Government all sums due under the agreement on account of water-rates. The joint agreement shall be in the form given in Appendix VII to these rules. The contractor must have a beneficial interest in some part of the land included in the application extending for the full term of the lease.

ON PENALTIES AND CANCELLING OF LEASES.

30. Should it be proved, after due enquiry, that the supply of water given to any area leased for a term of years is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

31. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also, if especially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any lease for a term of years, if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease the lands covered by which cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

32. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

33. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

26. Contractors are authorised to collect water-rates from the cultivators who have signed the application and from their successors in interest in the land included in the block at the rates fixed by the Lieutenant-Governor.

27. A contractor (or in case there be more than one, each contractor severally) shall use due diligence in the collection of the water-rates specified in the agreement from the cultivators who have applied for the water-supply. In the case of his failure after due diligence to collect, he shall within thirty days of the rates becoming due submit to the Collector a list showing the names of the defaulters with the sums due from each and the Collector shall thereupon proceed to realise the amount due from the said defaulters according to law.

28. A contractor (or in case there be more than one, each contractor severally) shall be responsible for all sums payable on the agreement except such sums as he may satisfy the Collector that he has been unable to collect after using due diligence and shall be entitled to a commission of 5 per cent. on all sums collected by himself.

29. In the case of a lease entered into under an application in the form given as Appendix I, a contractor may subsequently be appointed by the Collector with the written approval of the Divisional Canal Officer. Such contractor must for the whole term of the lease have a beneficial interest in some part of the land included in the application and must sign an application in the form given as Appendix VIII. The appointment shall not be made unless the lambardars and leading cultivators give their assent in writing thereto and the Collector is satisfied that the appointment of a contractor is acceptable to the signatories to the lease.

30. The contractor appointed under rules 25 and 29 may, but shall not necessarily be, lambardar. The lambardar will in all cases be appointed by the Canal Officer under the provision of rule 22 and shall be remunerated at the rate specified in rule 21 subject to the conditions mentioned in rule 24.

31. No steps shall be taken to prepare a joint application by cultivators and a contractor until the written assent of the Collector to the proposed contractor has been received,

nor shall the Collector take any steps towards the appointment of a contractor under rule 29 until the written assent of the Divisional Canal Officer has been received. The Collector may, before approving of a contractor under this rule, require him to give security for the due performance of the contract.

32. A contractor may resign his interest in the lease by giving notice to the Divisional Canal Officer three months at least before the 16th June next following, in which case his connection with the lease shall cease from that date and the Subdivisional Canal Officer shall proceed to appoint a lambardar under rule 22 and the Collector to realize water-rate due directly from the lessees.

The Divisional Canal Officer may, at the instance of the Collector, remove any contractor who fails to use due diligence in making collections. In such cases three months' notice at the least before the 16th June next following shall be given and the removal shall take effect from that date. The Collector may, under the conditions and procedure specified in rule 29, appoint a new contractor in place of a contractor who has resigned or who has been removed.

ON UNAUTHORISED IRRIGATION.

33. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

34. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that the land deriving benefit is liable to assessment, he shall serve a notice on the persons concerned, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

35. The Divisional Canal Officer after hearing any objection that may be raised shall if he is of opinion that the land should be assessed, fix the rates allowed under rule 33 and return the record to the Subdivisional Canal Officer who shall then complete the assessment.. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate. It is not an unauthorised use of water during the *kharif* season to receive or to lead water on to unleased lands which may have been supplied to lands under lease in excess of requirements.

36. Applications for leases may be subsequently received from villages in which unauthorised irigation has occurred, and these villages may be granted leases; in such cases the persons assessed under rule 33 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 33. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 33.

ON PENALTIES AND CANCELLING OF LEASES.

37. Should it be proved, after due enquiry, that the supply of water given to any area leased for a term of years is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

38. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also, if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any lease for a term of years, if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease the lands covered by which cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

39. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose. Any person who after due warning breaks this rule may be proceeded against under section 93, clause (9) of the Bengal Irrigation Act, III of 1876.

40. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

MARINE DEPARTMENT.

The 3rd February 1908.

No. 14 Marine.—The following notification by the Government of India in the Department of Commerce and Industry is republished, for general information.

R. E. CARTER,
Offg. Secy. to the Govt. of Bengal.

No. 369—60, dated Calcutta, the 16th January 1908.

NOTIFICATION—By the Government of India, Dept. of Commerce and Industry.

UNDER the provisions of sections 65 and 89 of the Merchant Shipping Act (57 and 58 Vict., Chap. 60), the Governor-General in Council is pleased to direct that the form referred to in the letter of the Board of Trade and the General Order of His Majesty's Commissioners of Customs, set forth below, shall be adopted in British India for the registry of British ships under the said Act from the 1st July 1908.

Board of Trade,
Marine Department,
7, Whitehall Gardens,
London, S. W.
12th December 1907.

M. 27613.

SIR,

I AM directed by the Board of Trade to state, for the information of Mr. Secretary Morley, that certain alterations have recently been made in the form of Certificate of Survey granted under section 6 of the Merchant Shipping Act, 1894, to enable a vessel to be registered as a British ship. Copies of Customs General Order $\frac{73}{1907}$, which has been issued to Registrars of Shipping in the British Islands, are enclosed for the information of the Secretary of State, as they contain on the second page a print of the new form of Certificate, and I am to suggest that the Government of India might be asked to use their powers under section 89 of the Merchant Shipping Act, 1894, in order that the new form may be prescribed for use in the case of vessels which are to be registered in India.

It is desirable that the new form should come into use in all parts of British registry abroad at the same date if possible, and the Board would suggest that the 1st July 1908 would be a suitable date on which to begin the use of the new form.

They would advise, therefore, that application should be made in good time for a stock of this form, or, if the forms are printed locally, that steps should at once be taken to have a supply of the amended form ready by the date mentioned.

The adoption of the new form of Certificate of Survey renders it necessary to make alterations in the Register Book of Shipping, the Certificate of Registry as a British ship, and the Transcript of Register, as these are simply records of the particulars enumerated in the Certificate of Survey

As will be seen from the enclosure, Registrars of Shipping in this country have been instructed to make the necessary alterations in manuscript in the existing stocks of the Register and of the Certificate of Registry and Transcript of Register, and the same course should be followed by those Registrars abroad who obtain their supply of forms from the Board of Trade. In those cases, however, in which Registry forms are printed locally, it will be for the Authorities to decide whether they will print new Registry Books, Certificates of Registry, and forms of Transcript of Register at once or will cause the necessary alterations to be made in the existing stocks.

The Board consider it desirable that each Registrar of Shipping in India should have a copy of the enclosed General Order, and further copies will be sent to you if you will be so good as to state how many will be required.

I have, etc.,
WALTER J. HOWELL.

THE UNDER-SECRETARY OF STATE FOR INDIA.

Sec. Customs.
No. $\frac{13568}{1907}$.

General Order $\frac{73}{1907}$.

CUSTOM HOUSE, LONDON,
21st November 1907.

Registry of Shipping: Amendments to Certificate of Survey (Surveys 59) and consequent amendments to Register Book, Certificate of Registry (No. 344) and Transcript of Register (No. 345).

Officers concerned are informed that the Board of Trade, with the concurrence of the Commissioners, have directed certain amendments in the form of Certificate of Survey for

Registry (Surveys 59), and that consequently similar amendments must be made in the Register Book, Certificate of Registry (No. 344), and Transcript of Register (No. 345). The new form of Certificate of Survey is printed on the back hereof, and the specimen forms shewn on pages 91, 99, 116, 221 *et seq.* of the Instructions to Registrars of Shipping are to be amended accordingly.

Fresh forms of Certificate of Registry and Transcript of Register have been approved and will be issued on the exhaustion of the present stock in which the necessary alterations are to be made.

By order of the Board,

R. HENDERSON.

MEDICAL DEPARTMENT.

No. 6.—An addition* having been made to paragraph 5 of the regulations published in Department of Military Supply Notification No. 16 of 1907, on the subject of study leave to officers of the Indian Medical Service, the paragraph in question will now read as follows:—

"5. The minimum period of leave granted solely as study leave shall be six months. Time spent on the journey to and from India by an officer whose study leave is not combined with any other kind of leave will reckon as study leave, but the allowance specified in rule 10 will be granted during the period of study only. An officer whose study leave is combined with any other kind of leave will, however, be required to take his period of study leave at such a time as to retain, at its conclusion, a balance of other previously sanctioned leave sufficient to cover his return journey to India."

LAND SALE NOTICES.

APPENDIX XXX.

(See Chapter III, Rule 9.)

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Hajipur-Katihar Extension of the Bengal and North-Western Railway, in the district of Bhagalpur, will be put up to sale at 10 o'clock on the 24th March 1908, corresponding with the 2nd Chait (Badre) 1315 Faslee, at Bhagalpur in the Court of the Land Acquisition Deputy Collector.

The purchaser of the several plots of land will be subject to the following conditions:—

1st.—The purchaser will have no power to make any excavations on the land nearer than 15 feet from the railway boundary or to plough the land nearer than 3 feet from the same.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of the advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on the receipt by the Collector of the orders of the Board confirming the sale.

Calcutta, the 17th January 1908. (58—3—55)

In the matter of the Dum Duma Jhar Tea Co., "Ld."

AT an Extraordinary General Meeting of the Shareholders of the abovenamed Company held at its Registered Office, Darjeeling, on 11th October 1906, the following extraordinary resolution was duly passed:—

That it having been proved to the satisfaction of the Company that the Company cannot by reason of its liabilities continue its business, and it having been arranged for the transfer of the assets of the Company to Messrs. Jetmull and Bhojraj upon the terms mentioned in the Resolution of the Company, dated the 29th March 1906, it is advisable to wind up the Company voluntarily, carrying into effect the terms of the said resolution, under the provisions of the Indian Companies Act, 1882, section 173 (e), and that accordingly the Company be so wound up; and at the same time Babus S. P. Paul and S. K. Bose of Darjeeling, Shareholders of the Company, were appointed Liquidators with certain remunerations for the purposes of such winding up.

RAM CHANDRA SUKHANI, Chairman.

Dated the 9th November 1906.

N.B.—Through correspondence held by the Liquidators with the Publisher of the *Calcutta Gazette* in November 1906 they had the impression that the above notice was published in one issue of the *Gazette* in November. But it appears that this was not the case, though it was regularly published in three issues of the *Darjeeling Visitor*. The terms of Notice to creditors, Dum Duma Jhar Tea Co., "Ld.," published in the *Calcutta Gazette*, dated 12th December 1906 and 19th December 1906, and in the *Darjeeling Visitor*, dated 13th November 1906, 20th November 1906, and 27th November 1906, are hereby extended to them up to 31st January 1908.

S. P. PAUL,
S. K. BOSE, } Liquidators.

The 12th January 1908. (54—3—49)

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

APPENDIX TO

The Calcutta Gazette.

WEDNESDAY, FEBRUARY 5, 1908.

NOTICES TO MARINERS.

THE following Notices are published for general information.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

CALCUTTA, *the 31st January 1908.*

BAY OF BENGAL.

Caution—*S.S.* Maharaja—*Report of a derelict cargo boat.*

No. 40 (*first publication*).—The Master of the S.S. *Maharaja* reports that at about 3 P.M., on the 27th January 1908, he passed a derelict cargo boat, in the following position :—

Latitude 18° 56′ N.
Longitude 89° 41′ E.

As this derelict is in the track of vessels bound to or from Singapore, Mariners are hereby warned.

BRITISH POSSESSIONS—INDIA.

Caution, when approaching British Ports.

No. 41 (*first publication*).—The following Notice to Mariners (No. 1 of 1908) issued by the British Admiralty is republished :—

My Lords Commissioners of the Admiralty, having taken into consideration the fact that circumstances may arise in which it may be necessary, on account of periodical exercises, manœuvres, or otherwise, to forbid all entrance to the naval ports at night, this is to give Notice that on approaching the shores of Great Britain, or any port of the British Empire, if search lights are observed to be in constant operation, the Naval harbours should be approached with great caution, as it may be apprehended that obstructions may exist outside the port, or that the entrances may be altogether closed, and the Examination service may be in force.

In the event of relations becoming strained between this country and any Naval Power, an Examination service may come into force at the ports or localities in the United Kingdom, and H.M. Possessions abroad, mentioned at the end of this Notice.

Masters are warned that before attempting to enter any of these ports they must, in their own interests, strictly obey all instructions given to them by the vessels which will be charged with the duty of examining ships desiring to enter the ports, and allotting positions in which the ships shall anchor. In case of fog they should on no account attempt to enter before receiving permission from the Examination Officer.

The institution of an Examination service at any port will never be publicly advertised, but at all times when the relations of Great Britain with foreign Powers are known to be in a state of tension, especial care should be taken in approaching the ports, by day or by night, to keep a sharp look-out for the Examination steamer and to be ready to "bring to" at once when hailed by her or warned by the firing of a gun. Under these circumstances unless they have communicated with the Examination steamer and received permission to enter the harbour, vessels must proceed to the Examination anchorages marked on the Admiralty charts and anchor there.

If an entrance to a port is closed, three RED *vertical lights by night, or three red balls by day, will be exhibited in some conspicuous position, in or near to its approach, and as far as possible notice of this fact will be given by look-out vessels in the offing.*

If the Examination service is in force the Examination steamer will fly a special flag (white and red horizontal surrounded by a blue border) and a blue ensign and will be distinguished at night—

(*a*) When the port is closed, by three red vertical lights.
(*b*) When the port is open, by three white vertical lights.

The pilots attached to the ports will be acquainted with the regulations to be followed.

DEPARTMENT OF AGRICULTURE, BENGAL.

FINAL FORECAST OF THE SUGARCANE CROP OF BENGAL, 1907.

(On an average of the five years ending 1905-06, the area under sugarcane in the territory to which this forecast relates has represented some 18·9 per cent. of the total area under this crop in British India.)

Character of the season.—Up to the end of August the season was favourable and prospects were good. The short rainfall from September to November seriously affected the crop and in consequence the anticipations of the Preliminary Forecast have not been realized.

Area planted.—The total area is returned as 435,500 acres (11,000 acres more than last year and 3,400 acres short of the normal). There has been a considerable increase in the area sown in north Bihar due to the establishment of several sugar factories and a decrease in the area sown in Lower Bengal. In South Bihar, Chota Nagpur and Orissa there has been no change.

Outturn.—The district reports show that a crop of 98 per cent. is anticipated in Darbhanga and the Sonthal Parganas; between 80 and 90 per cent. in Gaya, Champaran, Bhagalpur and Hazaribagh; between 70 and 80 per cent. in Burdwan, Patna, Muzuffarpore and Manbhum; between 60 and 70 in Shahabad, Saran and Purnea; between 50 and 60 in Bankura, Midnapur and Murshidabad. The area in the other districts is unimportant. According to the estimates of the District Officers the outturn for the Province amounts to 76 per cent. of a normal crop against 93 per cent. estimated in the Preliminary Forecast. The decrease is due to the unfavourable character of the weather. In many instances it seems to me that the District Officers have not given sufficient reasons for the decrease in their estimates and I would raise the total outturn for the Province to at least 85 per cent. of a normal crop. On this basis the probable gross outturn of cane *gur* at 22 cwts. per acre comes to 8,143,900 cwts. against 8,405,100 cwts. estimated for last year.

Other sources of Gur.—The total quantity of *gur* likely to be obtained from the juice of the date palm is estimated at 1,457,236 cwts. and that from the palmyra palm at 21,346 cwts. The total quantity of raw sugar from all sources is, therefore, estimated at 9,622,482 cwts.

	Hooghly ...	781,210	445,800	7,300	10,600	7,000	86	80	Not cadastrally surveyed.			The sugarcane plants suffered for want of rain during the last 3 months and hence a normal crop is not expected.	
	Howrah ...	236,400	250,600	6,500	6,300	5,300	97	97	..	...	...	The outturn is fair on account of favourable weather this year.	
	24-Parganas...	3,102,553	1,979,700	4,900	4,400	4,000	82	78	...	...	...	The outturn of the district for 1907 is estimated at only 73 per cent. as against 82 the estimate for 1906. The decrease is ascribed to the scanty rainfall in October and to the total absence of rain thereafter. In the Baraset subdivision the crop is further reported to have been injuriously affected by the drought in May and June and the injury caused by an insect pest called *mujra* at the same time.	

Presidency	Nadia	...	1,767,529	1,052,800	11,400	6,600	7,900	65	54	Not ordinarily surveyed	...	...	Through a mistake in totalling the figure in column 7 of the Preliminary Forecast was shown as 8,900 acres instead of 7,900 acres. The decrease in the estimated outturn is due to want of rainfall.
	Murshidabad		1,571,620	966,500	14,700	13,500	11,300	83	50	...	...	...	The weather has not been favourable owing to insufficient rainfall. The general condition of the crop is fair.

The weather has been fair and the general condition of the crop is good.
ORISSA	Cuttack —	3,338,960	1,223,600	3,600	2,400	82	81	2,026,457	1898 to 1905 and 1901.		1,200		The weather was favourable at the beginning, but the crop has been damaged to a certain extent by repeated high floods in August and hence the outturn is estimated at 81 per cent. The estimates made are as follow:— for Banki and Jajpur 74 per cent., for Kendrapara 100 per cent., and for the Sadar 80 per cent.
	Balasore ...	1,334,388	923,200	2,400	2,100	100	100	1,026,772	1871-1902 and 1904-1904.		671		The weather was favourable. The general condition of the crop is good.
	Angul ...	1,676,640	211,400	2,800	2,200	100	75	The Sadar subdivision of Angul was cadastrally surveyed in 1898-1899. The area under each crop was not separately shown.			613

The mean pressure, temperature, etc., are deduced from the traces of the Kundsen's Barograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

Offg. Secy. to the Govt. of Bengal.

IRRIGATION DEPARTMENT.

[Third Publication.]

The 28th January 1908.

No. 2.—Notification.—In exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, His Honour the Lieutenant-Governor of Bengal proposes to make the following revised water-rate rules for the Dhaka Canal in supersession of those passed in Notification No. 11, dated the 27th March 1905, and modified in Notification No. 3, dated the 16th March 1907 and in lieu of those proposed in Bengal Government Notification No. 1, dated the 21st January 1908.

R. E. CARTER,
Offg. Secy. to the Govt. of Bengal.

AS EXISTING.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 16, the Collector may require the Superintending Engineer to state his opinion in writing, which opinion shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

(*a*) the Sectional Officer, or
(*b*) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

AS PROPOSED.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the Canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from an order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 16, the Collector may require the Superintending Engineer to state his opinion in writing, which opinion shall form part of the record of the proceedings of the case.

ON APPLICATIONS.

5. Any person who requires a lease for water may apply to—

(*a*) the Sectional Officer, or
(*b*) the Subdivisional Canal Officer.

These preliminary applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block or a definite part of a block under the following conditions:—

(*i*) No lease for less than 10 acres shall be granted.

(*ii*) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease at a period less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

11. When water is required, pending the completion of a lease for a term of years, the Subdivisional Canal Officer may, on application, grant a season lease which will be cancelled if the long lease is subsequently concluded.

12 Season leases for the supply of water at any season may be granted on application by the Subdivisional Canal Officer.

13. When a lease is granted, an agreement shall be taken in forms given in Appendices I, III, IVA and IVB, and a "permit" shall be given to the lessee or lessees in forms given in Appendices II, IV and IVC.

14. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (forms of application and permit are given in Appendices V and VI).

ON WATER-RATES.

15. The following rates will be charged for water supplied, whether taken by lift or flow:—

	Rs.	A.	
I.—Leases for a term of years, 16th June to 15th November.	1	0	per acre.
II.—Season leases, 16th June to 15th November.	1	8	„ „
III.—Season leases, 1st November to 28th February.	0	8	„ „
IV.—Season leases, 1st March to 15th June.	2	0	„ „
V.—Water supplied to tanks.	1	0	„ 10,000 c. ft.

ON LEASES AND PERMITS.

6. Leases for a term of 3years may be granted under the following conditions:—

(i) The lands to be irrigated must constitute a block with defined boundaries and be so situated that adjoining lands will not ordinarily or probably be irrigated with water supplied.

(ii) All the irrigable lands within the limits of the block must be included.

(iii) Sufficient distributing channels must be provided to enable the irrigation to be carried on without waste of water.

(iv) No lease will be granted when the water must cross unleased lands unless there is a channel which will, in the opinion of the Subdivisional Canal Officer, convey the water across the intervening land without waste.

Applications for leases for a term of years will be received up to 1st May in each year. It shall be within the discretion of the Divisional Canal Officer to accept or decline applications for such leases if presented at a later date.

7. The Divisional Canal Officer shall issue permits for leases for a term of years to the lessee through the Subdivisional Canal Officer.

8. When water is required, pending the completion of a lease for a term of years, the Subdivisional Canal Officer may, on application, grant a season lease which will be cancelled if the lease for a term of years is subsequently concluded.

9. Season leases for the supply of water for any crop may be granted, on application, by the Subdivisional Canal Officer.

10. When a lease is granted, an agreement shall be taken in forms given in Appendices I, III, IVA, IVB, VII and IX and a "permit" shall be given to the lessee or lessees in forms given in Appendices II, IV, IVC, X and XI.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (forms of application and permit are given in Appendices V and VI).

ON WATER-RATES.

12. The following rates will be charged for water supplied, whether taken by lift or flow:—

	Rs.	A.	
I.—Leases for a term of 3 years, 16th June to end of February in each year.	1	0	per acre.
II.—Season leases, 16th June to 31st October.	2	0	„ „
III.—Season leases, 1st November to end of February.	1	0	„ „

ON DEMAND STATEMENTS.

16. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when or before the demand statement is sent to the Collector for realization. Persons charged under rule 26 shall be served as soon as the charge is made, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

17. The rates for water supplied between 16th June and 15th November, whether on leases for a term of years or on season leases, shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied between 1st November and 28th February shall fall due on the 1st April following.

The rates for water supplied between 1st March and 15th June shall fall due on the 1st July following.

The rates for water to be supplied to tanks shall be payable before water is supplied.

18. Water-rates imposed under rule 26 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

19. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(*i*) By the Divisional Canal Officer for errors in assessment or rates.

(*ii*) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficieney in the supply of water.

In the latter case a written application must be made at least 20 days before the crop is cut.

20. Remissions on other grounds than the above require the sanction of Government.

21. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable

VI.—Water supplied to tanks.	1	0	per 10,000 c. ft

ON DEMAND STATEMENTS.

13. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when or before the demand statement is sent to the Collector for realization. Persons charged under rule 33 shall be served as soon as the charge is made, by post or otherwise, with a statement showing the amounts charged.

14. The rates for water supplied on a lease for a term of years between the 16th June and the end of February shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates of water supplied on season leases between the 1st June and 31st October shall be payable in two equal instalments falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied on season leases between 1st November to end of February shall fall due on the 1st April following.

The rates for water supplied on season leases between 1st March and 15th June shall fall due on the 1st July following.

The rates for water to be supplied to tanks shall be payable before water is supplied.

15. Water-rates imposed under rule 33 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

16. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(*i*) By the Divisional Canal Officer for errors in assessment or rates.

(*ii*) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficienoy in the supply of water.

In the latter case a written application must be made at least 20 days before the crop is cut.

17. Remissions on other grounds than the above require the sanction of Government.

18. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

may be written off as irrecoverable on the authority of the Superintending Canal Officer.

22. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

23. Before a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators, and shall each have a direct interest in the land covered by the lease. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *Jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

24. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

ON CULTIVATORS' REPRESENTATIVES.

19. In all applications and permits other than those relating to sale of water by volume, the names of one or more persons shall be entered as *lambardar* who will be responsible for discharging the duties mentioned below:—

I.—Obtaining signatures to applications and certifying to the correctness of the same.

II.—Attending and giving assistance in measuring land irrigated, or proposed to be irrigated.

III.—Giving timely information to the Canal Officer or subordinate of any insufficiency in the supply of water and promptly reporting when the irrigation of the leased area, on any channel, is complete.

IV.—Supervising the distribution of the water supplied through an outlet amongst the persons entitled thereto and reporting any misuse of the same.

V.—Being present when complaints are investigated by a Canal Officer, or subordinate, and giving information required in connection with the same.

VI.—Receiving *parchas* from the Canal Officer and distributing the same amongst the persons named therein.

VII.—Reporting before the 15th of October all cases in which crops have been injured by deficiency or irregularity of supply in the *kharif* season so that these cases may be investigated before water-rates are demanded.

VIII.—Reporting to the Collector or to such officer as he may appoint mutations in holdings in the case of leases for a term of years.

IX.—Assisting the Collector by pointing out the residences of the persons assessed and identifying them.

20. In the case of season leases the remuneration for performing the duties mentioned in the rule immediately preceding shall be two per cent. on the assessment (excluding fractions of a rupee) which shall be paid by the Canal Officer. The amount paid shall be calculated in rupees and annas only, pies being omitted.

25. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or their own occupation, which may lie within the boundaries of the long lease, subject to a total limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation and recover the rates, in whole or in part, from the *Jat raiyats* or *gumash'as* or other representative, if the assistance specified in rule 24 has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

26. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

27. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that the land deriving benefit is liable to assessment, he shall serve a notice on the persons concerned, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal

28. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the land should be assessed, fix the rates allowed under rule 26 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

29. Applications for leases may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; in such cases the persons assessed under rule 26 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 26. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 26.

21. In the case of leases for a term of years other than those entered into jointly with contractors the remuneration to be paid to the *lambardar* for performing the duties mentioned in rule 19 shall be three per cent. yearly on the assessment of the year (excluding fractions of a rupee) which shall be paid by the Canal Officer. The amount paid shall be calculated in rupees and annas only, pies being excluded.

22. The *lambardar* will be appointed by the Subdivisional Officer in consultation with the applicants for the lease and must be a substantial person having a beneficial interest in part of the land to be irrigated. There is no objection to different *lambardars* being appointed to represent sections of the applicants or to two or more persons being jointly appointed as *lambardars* on behalf of the whole of the applicants. In case the Subdivisional Canal Officer cannot agree with the applicants in the appointment of *lambardar*, he shall nominate a *lambardar* for approval by the Divisional Canal Officer.

In those cases where an application is made by a contractor and cultivators jointly for a lease for a term of years the *lambardar* shall be nominated by the contractor.

23. The Divisional Canal Officer may, for reasons which appear to him to be sufficient and which must be recorded, remove a *lambardar* from his appointment, and in that case a new *lambardar* shall be appointed in the manner prescribed in the rule immediately preceding.

24. The fees to be paid to *lambardars* will only be disbursed if the duties specified have been satisfactorily performed. The Divisional Canal Officer may retrench the whole or any part of the fees payable for reasons to be recorded in writing. In calculating the fees payable, fractions of one anna will be excluded.

Intermediary agency.

25. Leases for a term of years will be entered into with associations of cultivators as specified in these rules; and also on the joint application of the cultivators and of some person hereinafter called the contractor who shall collect and pay to Government all sums due under the agreement on account of water-rates. The joint agreement shall be in the form given in Appendix VII to these rules. The contractor must have a beneficial interest in some part of the land included in the application extending for the full term of the lease.

ON PENALTIES AND CANCELLING OF LEASES.

30. Should it be proved, after due enquiry, that the supply of water given to any area leased for a term of years is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

31. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also, if especially so ordered, until half the amount due under new applications is paid in advance An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any lease for a term of years, if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease the lands covered by which cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

32. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

33. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

26. Contractors are authorised to collect water-rates from the cultivators who have signed the application and from their successors in interest in the land included in the block at the rates fixed by the Lieutenant-Governor.

27. A contractor (or in case there be more than one, each contractor severally) shall use due diligence in the collection of the water-rates specified in the agreement from the cultivators who have applied for the water-supply. In the case of his failure after due diligence to collect, he shall within thirty days of the rates becoming due submit to the Collector a list showing the names of the defaulters with the sums due from each and the Collector shall thereupon proceed to realise the amount due from the said defaulters according to law.

28. A contractor (or in case there be more than one, each contractor severally) shall be responsible for all sums payable on the agreement except such sums as he may satisfy the Collector that he has been unable to collect after using due diligence and shall be entitled to a commission of 5 per cent. on all sums collected by himself.

29. In the case of a lease entered into under an application in the form given as Appendix I, a contractor may subsequently be appointed by the Collector with the written approval of the Divisional Canal Officer. Such contractor must for the whole term of the lease have a beneficial interest in some part of the land included in the application and must sign an application in the form given as Appendix VIII. The appointment shall not be made unless the lambardars and leading cultivators give their assent in writing thereto and the Collector is satisfied that the appointment of a contractor is acceptable to the signatories to the lease.

30. The contractor appointed under rules 25 and 29 may, but shall not necessarily be, lambardar. The lambardar will in all cases be appointed by the Canal Officer under the provision of rule 22 and shall be remunerated at the rate specified in rule 21 subject to the conditions mentioned in rule 24.

31. No steps shall be taken to prepare a joint application by cultivators and a contractor until the written assent of the Collector to the proposed contractor has been received,

nor shall the Collector take any steps towards the appointment of a contractor under rule 29 until the written assent of the Divisional Canal Officer has been received. The Collector may, before approving of a contractor under this rule, require him to give security for the due performance of the contract.

32. A contractor may resign his interest in the lease by giving notice to the Divisional Canal Officer three months at least before the 16th June next following, in which case his connection with the lease shall cease from that date and the Subdivisional Canal Officer shall proceed to appoint a lambardar under rule 22 and the Collector to realize water-rate due directly from the lessees.

The Divisional Canal Officer may, at the instance of the Collector, remove any contractor who fails to use due diligence in making collections. In such cases three months' notice at the least before the 16th June next following shall be given and the removal shall take effect from that date. The Collector may, under the conditions and procedure specified in rule 29, appoint a new contractor in place of a contractor who has resigned or who has been removed.

ON UNAUTHORISED IRRIGATION.

33. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

34. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that the land deriving benefit is liable to assessment, he shall serve a notice on the persons concerned, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

35. The Divisional Canal Officer after hearing any objection that may be raised shall if he is of opinion that the land should be assessed, fix the rates allowed under rule 33 and return the record to the Subdivisional Canal Officer who shall then complete the assessment.. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate. It is not an unauthorised use of water during the *kharif* season to receive or to lead water on to unleased lands which may have been supplied to lands under lease in excess of requirements.

36. Applications for leases may be subsequently received from villages in which unauthorised irigation has occurred, and these villages may be granted leases; in such cases the persons assessed under rule 33 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 33. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 33.

ON PENALTIES AND CANCELLING OF LEASES.

37. Should it be proved, after due enquiry, that the supply of water given to any area leased for a term of years is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

38. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also, if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any lease for a term of years, if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease the lands covered by which cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

39. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose. Any person who after due warning breaks this rule may be proceeded against under section 93, clause (9) of the Bengal Irrigation Act, III of 1876.

40. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

APPENDIX XXX.

(See Chapter III, Rule 9.)

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Bhagalpur-Bansi Section of the Sonthal Railway of the East Indian Railway, in the district of Bhagalpur, will be put up to sale at 10 o'clock on the 15th April 1908, corresponding with the 28th day of Chait 1315 Fasleo, at Bhagalpur in the Court of the Land Acquisition Deputy Collector.

The purchasers of the several plots of land will be subject to the following conditions:—

1st.—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway boundary or to plough the land nearer than 3 feet from the same.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of the advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the Collector of the orders of the Commissioner confirming the sale.

PART IV.

Bills of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Lieutenant-Governor of Bengal on the 8th February, 1908, and is hereby published for information, together with the Statement of Objects and Reasons:—

A

BILL

further to amend the Puri Lodging-house Act, 1871.

WHEREAS it is expedient further to amend the Puri Lodging-house Act, 1871; Ben. Act I of 1871.

It is hereby enacted as follows:—

Short title. 1. This Act may be called the Puri Lodging-house (Amendment) Act, 1908.

Amendment of section 1 of Bengal Act IV of 1871. 2. In section 1 of the Puri Lodging-house Act, 1871, to the definition of the word "Lodger" the following words shall be added, namely:— Ben. Act IV of 1871.

"and shall include a person who pays to his Panda or to any other person a lump sum in consideration for the provision of accommodation and bodily comforts by such Panda or other person."

Amendment of section 4 and repeal of Schedules A and B. 3. (1) In section 4 of the said Act—

(a) for the words "in the form set forth in Schedule A of this Act" and

(b) for the words "in the form set forth in Schedule B of this Act,"

the following words shall respectively be substituted, namely:—

"in such form as the Lieutenant-Governor may, by notification, prescribe in this behalf"

(2) Schedules A and B to the said Act are hereby repealed.

Amendment of section 6.

4. In section 6 of the said Act, after the words "which such house," in both places where they occur, the words "and each room thereof" shall be inserted.

Amendment of section 7.

5. In section 7 of the said Act, as amended by the Repealing and Amending Act, 1903,— I of 1903.

(a) for the word "two" the word "five" shall be substituted; and

(b) after the word "each" the words "day or" shall be inserted.

Amendment of section 8.

6. In section 8 of the Puri Lodging-house Act, 1871, for the words from "a fee, calculated at the rate of eight annas" to the end of the section, the following shall be substituted, namely:— Ben. Act IV of 1871.

"a fee shall be payable calculated upon the entire number of lodgers which is mentioned in the certificate, at such rate, not exceeding two rupees for each lodger, as the Lieutenant-Governor may by notification direct."

Amendment of section 9.

7. In section 9 of the said Act, for the words "for twelve calendar months from the day of its date" the words "till the thirty-first day of December of the year in which it is granted" shall be substituted.

Amendment of section 10.

8. The word "reasonable," where it first occurs in section 10 of the said Act, shall be omitted.

New section 11A.

9. After section 11 of the said Act the following shall be inserted, namely:—

"11A. Every person who is authorised in writing under section 10 to enter into, inspect and examine any lodging-house shall be deemed to be a public servant within the meaning of the Indian Penal Code."

Persons authorised to inspect deemed public servants.

XLV of 1860.

New section 14.

10. For section 14 of the Puri Lodging-house Act, 1871, the following shall be substituted, namely:— Ben. Act IV of 1871.

"14. (1) Every keeper of a lodging-house shall expose and keep exposed—

Notices to be exhibited by lodging-house keepers.

(a) on a conspicuous portion of the front of such house, a notice showing the number of the license and the number of lodgers which he is licensed to accommodate; and

(b) on the door of each room thereof, a notice showing the number of lodgers which the room is licensed to contain.

(2) Such notices shall be plainly and legibly inscribed in Bengali, Hindi and Uriya characters."

Amendment of section 17.

11. (1) The portion of section 17 of the said Act from the words "Every keeper of a lodging-house" to the words "suspension of his license" shall be re-numbered section 17, sub-section (1); and the remainder shall be numbered sub-section (2).

(2) To the said sub-section (1) of section 17 the following shall be added, namely:—

"shall be liable to be punished by a fine not exceeding five rupees for each inmate so found."

(3) In the said sub-section (2) of section 17—

(a) for the words "or who shall refuse" the words "Every keeper of a lodging-house who shall refuse" shall be substituted; and

(b) after the words "he is licensed to accommodate" the words "in his house and in each room thereof" shall be inserted.

New section 21A.

12. After section 21 of the said Act the following shall be inserted, namely:—

"21A. Where, in cases of urgency, the Magistrate is satisfied that sufficient accommodation cannot be provided in the licensed lodging-houses for all the pilgrims visiting the town, he may grant temporary licenses on such terms as he may think fit."

Power to grant temporary licenses in cases of urgency.

Repeals.

13 The enactments specified in the Schedule to this Act are hereby repealed to the extent mentioned in the third column thereof.

THE SCHEDULE.

(*see section 13.*)

ENACTMENTS REPEALED.

Number and year.	Short title.	Extent of repeal.
1	2	3
Bengal Act III of 1879 ...	The Puri Lodging-house (Extension) Act, 1879.	In section 3 *the words and figures* in lieu of the words "the rate of eight annas" in section 8, shall be substituted the words "a rate not exceeding one rupee."
Bengal Act I of 1884 ...	The Puri Lodging-house (Extension) Act, 1884.	So much as has not been repealed.

STATEMENT OF OBJECTS AND REASONS.

THE object of the present Bill is to introduce certain changes in the Puri Lodging-house Act, 1871, whereby greater safeguards may be provided against overcrowding of lodging-houses, inspection may be rendered more practicable, and defects which the practical working of the Act has disclosed may be removed.

An explanation of the amendments proposed will be found in the subjoined "Notes on Clauses."

NOTES ON CLAUSES.

Clause 2.—A certain class of pilgrims to Puri are in the habit of paying a lump sum of money to a Panda who in return therefor makes all arrangements for their accommodation, feeding and comfort generally. Though it has been held by the High Court that such pilgrims are "lodgers" within the meaning of the Act, it seems desirable to make the intention of the law quite clear.

Clause 3.—The proposed amendment of the law explained in the note on clause 4, would in any case necessitate an amendment of the schedules to the Act. The objection to the laying down in such schedules the exact forms to be used is, that they cannot be altered in the smallest detail without recourse to fresh legislation. For this reason it seems preferable to empower the Lieutenant-Governor to prescribe the forms by notification.

Clause 4.—It is essential from a sanitary point of view that overcrowding of the several rooms in a lodging-house should be as strictly guarded against as that of the house generally, but the Act as it stands provides no special safeguards. In order to remedy the defect it is proposed that the number of inmates allowed for each room, according to the Health Officer's report, should be entered on the form of license and that the lodging-house keeper should be required on pain of fine, to exhibit such number on the door of each room.

Clause 5 (a).—High prices prevail at Puri during the crowded season, and a daily rate of five rupees a head, or even more, is often demanded for accommodation. In such circumstances it actually pays the unlicensed lodging-house keeper to receive lodgers in defiance of the law, for the penalty cannot exceed two rupees. An increase of the fine to a maximum of five rupees will probably act as a deterrent in future.

(*b*) The necessity for regulating the management of lodging-houses and providing for the general sanitation of pilgrim stations is just the same whether the pilgrims pay their visit during the day or during the night.

Clause 6.—It is proposed so to amend section 8 as to give the Government the power of increasing the fees for licenses from eight annas per head to two rupees a head upon the entire number of lodgers which the house is certified to be able to accommodate. The increase is required to provide funds for the sanitation of the town.

Clause 7.—At present licenses generally expire just at the time the rush of pilgrims begins, when the holders come in a body for renewals. The amendment proposed will, it is hoped, lead them to renew their licenses early in the year, and thus give time for inquiry and inspection before granting the applications.

Clause 8.—The question as to what is a "reasonable time" to inspect a house has caused difficulty. There seems to be no ground to retain the word "reasonable." The most reasonable time to inspect a lodging-house must always seem an unreasonable one to the lodging-house keeper and the inmates.

Clause 9.—The insertion of the proposed new section 11A is intended to facilitate inspection and to prevent obstruction thereto.

Clauses 10 and 11.—The object of these clauses has been explained in the note on clause 4 above.

Clause 12.—This clause explains itself.

Clause 13.—The words in section 3 of Bengal Act II of 1879 which it is proposed to repeal will be meaningless on the enactment of the amendment projected in clause 6, while the repeal of Bengal Act I of 1884 is consequential upon sub-clause (*b*) of clause 5 of the Bill.

The Hon'ble BABU DEBA PRASAD SARBADHIKARI, M.A., B.L.

NEW MEMBER.

The Hon'ble MR. E. W. COLLIN took his seat in Council.

QUESTIONS AND ANSWERS.

PRICES OF FOOD-GRAINS IN BIHAR.

The Hon'ble BABU GAJADHAR PRASAD asked:—

Is the Government aware that the prices of food-grains are abnormally high in Bihar, and that the people of the province are in distress? If so, will it please the Government to state whether it desires to take any measures for the relief of the people?

The Hon'ble MR. GAIT replied:—

"Government is aware that the prices of food grains in Bihar are high, but there is no famine anywhere at present. *Takavi* loans are being given freely in districts where they are needed, and arrangements have been made for relief operations. These will be commenced without delay should the necessity arise."

WATER-WORKS IN PATNA.

The Hon'ble BABU GAJADHAR PRASAD said:—

Patna is the chief town of Bihar, and is in Bengal second only to Calcutta. It is the most important educational and commercial centre in Bihar, and the people of the entire province are deeply interested in its sanitation.

It is noted for its insanitary condition, and has consequently suffered from plague and other epidemics more than any other town in the province. There is no good drinking water-supply in the city.

The Patna Municipality is too poor to pay even the interest of any loan which may be raised for the water-supply.

It is a fortunate circumstance that the Municipality has, through the liberality of the Government and the Maharaja Bahadur of Darbhanga, secured one lakh of rupees for municipal purposes.

In view of these facts, will it please the Government to consider the expediency of making a grant sufficient for the construction of water-works in Patna?

The Hon'ble MR. OLDHAM replied—

"The charges for projects of local water-supply should ordinarily be met from local resources. Government cannot be expected to do more than make contributions from the general revenues to supplement local subscriptions.

"The most recent estimate for a scheme of water-supply for the city of Patna, made in the year 1900 by the Sanitary Engineer, amounted to about 20 lakhs of rupees, and the annual maintenance charges were estimated at Rs. 40,000. It is out of the question that Government should make a grant of the whole cost. Moreover, the Lieutenant-Governor is advised that the Municipality is not in a position to meet even the maintenance charges of such a scheme."

APPOINTMENT OF SUBORDINATE JUDGES.

The Hon'ble BABU GAJADHAR PRASAD asked:—

In view of the fact that even the highest Courts of the country get some of their Judges from the Bar, will the Government be pleased to consider the desirability of appointing every year one or two pleaders of at least 15 years' standing and tested ability to the post of Subordinate Judge?

The Hon'ble MR. STREATFEILD replied:—

"The Hon'ble Member appears to have overlooked the fact that appointments to the post of Subordinate Judge are at present made by the promotion of Munsiffs, and that Munsiffs have invariably been practising lawyers. The proposal of the Hon'ble Member would greatly retard the promotion of this very competent and deserving body of officers."

ARDHODYA JOG COMMITTEE AND VOLUNTEERS.

The Hon'ble BABU DEBA PRASAD SARBADHIKARI asked:—

(*a*) Has the attention of the Government been called to organizations started in Calcutta and its suburbs, known as the *Ardhodya Jog* Committee and the *Ardhodya Jog* Volunteers, and has the Government any information regarding their work in connection with the recent unusual influx of pilgrims?

(*b*) Is it not a fact that these organizations were highly useful in advising, assisting and guiding pilgrims, in giving medical and other relief, and generally in making things considerably easier for the pilgrims, the Police and the Municipality?

(*c*) Will it please the Government to indicate if it approves of such work, and, if the answer be in the affirmative, will the Government be pleased to consider the desirability of encouraging such organizations by such marks of approval as it may think fit?

The Hon'ble MR. GAIT replied:—

"(*a*) The Government have received the report of the Commissioner of Police regarding the work of the *Ardhodya Jog* Committee and *Ardhodya Jog* Volunteers in connection with the recent influx of pilgrims. The Lieutenant-Governor also went round, and himself inspected the arrangements made for dealing with the crowds.

"(*b*) The report shows, and the impression on the Lieutenant Governor's mind was, that these organizations worked cordially with the police and were very highly useful in the manner indicated in the question.

"(*c*) Mr. Halliday, with the full approval of Government, has already written a letter of thanks for the services rendered."

THE REPEALING BILL, 1908.

The Hon'ble MR. STREATFEILD said:—"The Select Committee on the Bill to repeal the Central Provinces Laws Act, 1879, so far as it applies to the district of Sambalpur, has been unable to comply with the instructions of Council and submit its report to-day.

"The only point of any difficulty in connection with the Bill is the question of reviving sections 184, 185 and 189 of the Code of Civil Procedure.

"On this point it has been necessary to consult the High Court, and as the opinion of the Hon'ble Judges has not yet been received, the Select Committee has not been able to draw up its Report."

THE PURI LODGING-HOUSE (AMENDMENT) BILL, 1908.

The Hon'ble MR. OLDHAM moved for leave to introduce a Bill further to amend the Puri Lodging-house Act, 1871. He said:—

"I move, Sir, for the leave of this Council to introduce a Bill to further amend the Puri Lodging-house Act, 1871 (Ben. Act IV of 1871).

"The Bill is a short and simple one. Its chief objects are to provide further safeguards against overcrowding in lodging-houses; to give the Local Government power to increase the fees for licenses for the reception of lodgers

with a view to securing the funds necessary for the proper sanitation of the towns and places to which the Act applies; to render the inspection of lodging-houses more practicable; and to remove a few minor defects in the existing Act which the practical working of the law has disclosed.

"The reasons for the several changes proposed are explained in the Notes on Clauses appended to the Bill."

The Hon'ble BABU JOGENDRA CHANDRA GHOSE said:—"This is a small measure and it does not directly affect the division I represent. But it affects the entire Hindu community of these provinces, for it should be remembered that though on the face of it, it relates to Puri, by virtue of the extension of Acts of 1879 and 1884, it may affect all places of pilgrimage, and is therefore deserving of careful consideration.

"I must say that I am very conservative as regards such changes in the law as may interfere with the private lines and religious observances of individuals. The welfare of the community may often require such interference, but it should be very sparingly used. I am reluctant to support any such measure without the strongest reasons. I am sorry to say I can find no such reasons for the changes proposed.

"The main change proposed is to make every Panda come under the definition of a 'lodging house-keeper'. The pilgrims, as a rule, are taken care of by their Pandas, who are always apparently paid for their priestly offices, but the care taken by the Panda is also a consideration for these payments. Poor, much-abused Pandas, it should not be forgotten, have been of great service to the Hindu community from time immemorial. Without their help and care in pre British days, and even during, British times, pilgrimage would have been all but impossible. All respectable Pandas—all priests of European or Asiatic countries—would take it as an indignity to be obliged to take out licenses as lodging house-keepers and for their own houses. The position and influence of these priestly officers of Hindu Shrines, is always underestimated because they have no newspapers and hold no public meetings.

"There is another very serious matter. Under the old Act, the power to inspect lodging-houses was to be exercised at any reasonable time. The word 'reasonable' has proved disagreeable to the framers of this Bill. But having regard to the fact that nearly three-fourths of the pilgrims are women, and many of them *pardanashin* ladies, the framers of the old Act were certainly wise in putting in the word 'reasonable,' and I cannot congratulate the framers of this Bill on their objection to reasonableness.

"It will be now possible for an officer with shoes on to go at night into rooms not strictly occupied by females, but where men and women related to one another might be obliged to live for a day or two, and go into cook-rooms when food is being cooked.

"Then again, all persons authorized to inspect have been made public officers for the purpose of making Pandas and pilgrims amenable to the Penal Code for what may be considered obstruction. I can only hope that poor, helpless Hindu female pilgrims may not be harassed by petty sanitary officers and peons.

"There is also a small clause which adds the word 'day' before night in section 7. It is apparently very harmless but really it is a very serious change. Pilgrims may often go and rest at the Panda's house during the day time without actually lodging there. For such rest the Panda will have to pay Rs. 2 per head, which of course he will realize from the pilgrims - and be liable to punishment for breach of any rule of real or fansied utility that may be imposed.

"Again, it appears to me that the old Legislators had more regard for reasonableness when after mature consideration they omitted the word 'day'.

"I must also say that the raising of the license fee from 8 annas per head to 2 rupees seems unreasonable.

"Lastly, the penalty clauses have been made three times more severe. In the original Act, there were two penalty clauses for the same offence; one under section 7 which made a lodging house-keeper liable to a fine of Rs. 2 for every inmate in excess of the prescribed number, and also under section 17 to an additional fine of Rs. 50. This double punishment I cannot understand. Now, instead of removing the anomaly, it is proposed only to increase the fine of Rs. 2 to Rs. 5.

"Your Honour—Interference with the priestly classes and the pilgrims of India should be sparingly exercised. There is a proposal, I understand, at the instance of philanthropic Indian reformers to make the Mohunts of religious institutions submit accounts to the District Judge. The Government under-estimates the power and influence of Mohunts, Sanyasis and priests. The old Hindu law givers forbade the king to interfere with these classes with very good reason. They are more powerful than all the princes, the councillors, the editors and the orators of India. The Government should not alienate these classes.

"Let the Hindus alone in the exercise of their religious practices. Make water-works, build rest-houses, prevent adulteration of food, provide medical help, protect them from thieves and robbers, and you will be blessed; but do not prescribe rules which may be the causes of unnecessary annoyance and harassment.

"Your Honour—I regret I cannot support this measure."

The Hon'ble BABU RADHA CHARAN PAL said:—"The Puri Lodging-house Act is one of those beneficient measures which have been introduced with a humane object by the Government of the time, and I am glad that the little amendments which are now intended to be made in the Act have been brought forward in this Council in the same spirit. Although we may not agree with all the amendments proposed, we must at the same time appreciate the motive which has prompted the Government to secure the welfare and well-being of the pilgrims who resort to the holy places.

"Your Honour, I do not think that some of the amendments which are proposed in this Bill will be conducive to the welfare of pilgrims; but I am sure, now that the Bill is being referred to the Select Committee, some of the suggestions that we have the honour to make here in this Council, will meet with the attention of that Committee.

"My Hon'ble friend on the right has referred to the increase of the license fee from 8 annas to Rs. 2 per head. I have been looking up some of the papers connected with the Bill when it was before the Legislature in 1871, and I have been looking up the representation of the British Indian Association made at that time. I find that the Committee of the Association suggested that a portion of the magnificent endowed funds connected with some of the temples and shrines of Bengal might be applied for the comfort and convenience and accommodation of the pilgrims and the sanitation of the locality. If this sum of 8 annas is increased to Rs. 2 it will fall heavily upon the pilgrims, most of whom, as no doubt Your Honour's Government is aware, are very poor men, who come from distant parts of India, out of purely religious motives, to these places of pilgrimage. I hope that this particular point will meet with the attention of the Select Committee.

"Then under section 9 of the Bill, it is proposed that the license shall last till the 31st December of the year in which it is granted. Under the old Act, the license lasted for 12 calendar months. Now under this Bill if the license is taken out in the middle of the year the full fee will have to be paid for the six months. I think this is a matter which might very well be considered in the Select Committee.

"There is another important point in connection with section 10. It is part of the present Act, but I think it is my duty to draw Your Honour's attention to it. A Magistrate by giving previous notice and for facility for inspection has the power to inspect the lodging-houses where female pilgrims reside. I suggest in this connection that some provision should be made for a female inspector.

"I do not agree with my Hon'ble friend that there should be any restriction in the matter of the inspection of these lodging-houses. From my own personal experience of them, I am of opinion, the more inspection the better. I know how the Pandas get scent that some officer is coming to inspect and manage to remove the excess number to some other place, and as soon as the inspection is over they bring back the pilgrims. Therefore, I think the more surprise inspection the better—due regard being paid to the customs and feelings of people—for the preservation of the lives of the people who resort to these places.

"Under section 18 of the Act, to which no amendment has been made, not only the keeper of a lodging-house but also the person actually in charge is rendered liable for any infraction of the provisions of the Act. I am sure if your Honour is aware of the fact that in many cases the Panda employs a servant on a salary of Rs. 4 or Rs 5 a month, who is underpaid and illiterate, and innocent of the rules and regulations, you would recognise that it would be just and proper that only the keeper of the lodging-house or the license holder should be amenable to the penalties enforced under the Act.

"A new section is proposed to provide that the Magistrate, if he finds that sufficient accommodation cannot be provided in any lodging-houses, may grant temporary licenses. In this respect I feel bound to oppose this proviso. I do not think, having regard to the already overcrowded condition of lodging-houses, further powers should be given to the Magistrate to grant temporary licenses to these people to allow these Pandas further numbers than they are entitled to keep under the Lodging-house Act. In these days of improved communication, Puri, is brought within easy reach of Calcutta, and indeed with the whole of India, and I think it behoves the Government to protect the interests of other cities by enforcing as much sanitary regulations as is possible in consonance with the religious observances of the people of India.

"Under section 22 of the Act it is provided that all the fines and fees under the Act shall be expended on sanitary improvements in the town or place in which the Act may be enforced. I submit that the proceeds of the fees and fines should be spent only for the convenience and comforts of the pilgrims and not for any Municipal purpose. Where a municipality exists I do not think that any portion of this revenue should be diverted to municipal purposes. I think this point is not noted clearly in the Act now, and I think it should be clearly mentioned so that no portion of the fund be diverted to any municipal purpose.

"With these few words, I humbly support the main principle of the Bill; but I earnestly hope that these points will be taken into consideration by the Select Committee."

The Hon'ble RAI KISHORI LAL GOSWAMI, BAHADUR said:—"At this stage I will make a few observations with regard to one feature of the Bill which I think will unduly press upon the poorer classes of the people who form the back of the pilgrims who visit the sacred shrines of Puri and other places where the Act is in force.

"In one clause it is proposed to increase the fees for licenses from 8 annas to Rs. 2 per head of the entire number of lodgers the house is certified to accommodate. But the reasons for this enormous increase have not been made quite clear. The hon'ble mover of the Bill in his notes on the clause says: 'the increase is required to provide funds for the sanitation of the town', and something more than a general observation like this seems to me to be necessary to justify such a large increase in the license fee.

"Your Honour is doubtless aware that the inmates of lodging-houses are mostly people with very modest means, many of them being poor widows. This tax will ultimately fall on them to pay.

"In one part of the Notes on Clauses it is said: 'High prices prevail at Puri during the crowded season, and a daily rate of Rs. 5 per head, or even more, is often demanded for accommodation.' This is a very high

rate to pay for the generality of pilgrims, and the introduction of a higher license fee will merely tend to increase the charges.

"Fines and fees collected under the Lodging-house Act are devoted to making sanitary arrangements in places where license fees are levied, and also to maintaining pilgrim hospitals and serais on the main line of roads leading to these places of pilgrimage. The necessity for such hospitals and serais has become considerably less owing to communication by rail which has now been established to Puri and other places where the Act is in force.

"Speaking of the Balasore Hospital, the District Visitor to Balasore reports: 'Pilgrims formerly constituted the great majority of the patients, but since the enlarged railway communication with Puri their numbers have greatly fallen off, and the hospital is little used by them.' What is applicable to Balasore is applicable to other places of pilgrimage where this Act is enforced; and, under these circumstances, I do not think that the Legislature would be justified in increasing the license fee.

"There is another circumstance which I intend to place before Your Honour, and that is the opening of railway communication has distributed the influx of pilgrims throughout the year, thus reducing overcrowding at special times and special seasons of religious festivals. I was last year in Puri during the *Holi* festival, and the congregation of pilgrims there did not seem to me at all striking. On the contrary, the crowd appeared to be much less than what I anticipated.

"There is also another point of view from which this question should be considered. I presume the Municipal Act and the Puri Lodging-house Act are both enforced, and that lodging house-keepers have to pay the usual municipal rates and taxes, and I do not see that there is anything to prevent the Municipal Commissioners from levying a second license fee under section 261 of the Municipal Act. For this long time the license fee of 8 annas had been found sufficient to meet the requirements of sanitation. I earnestly hope the Select Committee, which will practically give the final shape to the enactment, will be pleased to consider the question from the points of view which I have attempted to present before Council.

"I am certainly not blind to some of the salutary provisions in the Bill and I am not opposed to the main principle on which this Bill has been constituted."

The Hon'ble MAHARAJA-DHIRAJ BAHADUR OF BURDWAN said:—"It is still very early to make any reflection upon this Bill, as, no doubt, it will be given a proper shape by the Select Committee which is to be appointed. I certainly think, Sir, that the license fee is a little bit exhorbitant, and that perhaps the Select Committee may consider the desirability of reducing it to about Re. 1.

"This new section 21A is, I think, very necessary. I do not think that my hon'ble friend, Babu Radha Charan Pal, understood the section. It is, I believe intended that the temporary license that the Magistrate is being empowered to give is for extra temporary lodging-houses that might seem to be necessary at the time of the different *melas*. I certainly think the words 'in localities both healthy and not overcrowded' should be added to this clause, which I leave to the Select Committee to judge."

The Hon'ble BABU KALI PADA GHOSH said:—"I do not think at this stage we can enter into any long discussion of the Bill. The Bill is going to be referred to a Select Committee, and it will be for the Select Committee to consider the Bill in its details. All that we can do at this stage is to make observations affecting the principle of the Bill. I am thankful to our friends for their very valuable suggestions, and as I happen to be a member of the Select Committee, and as I represent the Division of Orissa on this Council, I shall be anxious to protect the interests of the pilgrims in the places they go to. But I do not find there is any thing objectionable in the Bill itself, and

I cannot go so far as to say that I agree with my friend, Babu Jogendra Chandra Ghose, that the Bill is objectionable. On the other hand, I shall support the Bill so far as its principle is concerned."

The Hon'ble MR. OLDHAM, in reply, said:—"At this stage perhaps, Sir, very little need be said on the remarks which have been made by the Hon'ble Members who have spoken. One might suppose, from the remarks of the Hon'ble Babu Jogendra Chandra Ghose, that a proposal had been made in this Council to make far-reaching changes in the principles of this Act, but that is not the case at all. No changes of principle whatever are involved, and such changes as are proposed will be given full consideration in the Select Committee to which the Bill will be referred. I am glad, at any rate, to find that the very serious anticipations of the Hon'ble Member are not shared by the other Members of this Council who have spoken on these simple proposals.

"I can say, on behalf of the Select Committee, that all the suggestions, some of which appear moreover to be good ones, will be given every consideration when the Bill comes before the Select Committee.

"I move, therefore, for leave to introduce the Bill in Council."

The motion was put and agreed to.

The Hon'ble Mr. OLDHAM introduced the Bill and moved that it be read in Council.

The motion was put and agreed to, and the Secretary accordingly read the title of the Bill.

The Hon'ble Mr. Oldham also moved that the Bill be referred to a Select Committee consisting of the Hon'ble Mr. Collin, the Hon'ble Mr. Gordon, the Hon'ble Babu Kali Pada Ghosh, the Hon'ble Babu Gajadhar Prasad and the Mover.

The motion was put and agreed to.

The Council was then adjourned to a date to be notified hereafter.

SUMMARY OF THE RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE MONTH OF JANUARY 1908.

During the month of January, the rainfall was general throughout the Province. It was well above the average in all the districts of South-West Bengal and Orissa. In Bihar, it was in excess of the normal in the districts of Patna, Gaya and Purnea, while elsewhere it was in defect. In the districts of Hazaribagh and Palamau of Chota Nagpur the fall was deficient and above the normal in the districts of Ranchi, Manbhum and Singhbhum. Percentage excesses were recorded in South-West Bengal, Orissa and Chota Nagpur, while there was a marked defect in Bihar. South West Bengal received 275 per cent. of the normal, Orissa 397 per cent., Chota Nagpur 118 per cent. and Bihar 83 per cent.

The following table gives the Summary of the rainfall data of each of the four Meteorological Divisions of the Province of Bengal for the month of January 1908 —

Abstract of the Results of Meteorological Observations taken at the Alipore Observatory in the month of January 1908.

	Inches.	Date.	Hour.
The mean pressure of the month	30·045		
The average pressure of January from 44 years' registers ...	30·014		
The highest pressure in the month	30·242	8th	10
The lowest pressure in the month	29·807	31st	16
The range of pressure	0·435		
	Hours.		
The total number of hours of bright sunshine during the month	224·3		
The maximum possible number of hours of sunshine ...	337·3		
	⊖		
The mean temperature of the month	64·0		
The average temperature of January from 19 years' registers ...	65 2		
The highest temperature in the month	83·4	26th	
The lowest temperature in the month	47·4	9th	
The range of temperature during the month	36·0		
The mean daily range of temperature	2<·9		
The greatest range of temperature in one day	31·0	9th	
	Per cent.		
The mean humidity of the month	69		
The average humidity of January from 19 years' registers ...	69		
	Inches.		
The mean vapour tension of the month	0·416		
The average vapour tension of January from 19 years' registers	0·423		
The mean cloud proportion of the month	2·00		
The average cloud proportion of January from 31 years' registers	1·52		
	Inches.		
The total rainfall of the month	0·86		
The total rainfall indicated by a Beckley's self-registering rain-gauge (mouth of the gauge about 8 feet above the ground)	0·84		
The average fall of January from 23 years' registers ...	0·29		
The greatest fall in 24 hours	0·43	12th	
	Days.		
The number of rainy days in the month	4		
The average number of rainy days in January from 23 years' registers	1		
	⊖		
The mean maximum equilibrium temperature of solar radiation during the month	123·4		
The mean difference of sun and air temperatures	47·0		
The greatest sun temperature	133·0	31st	
The greatest excess of sun over air temperature	57·0	15th	
The mean temperature of the nocturnal radiation thermometer on woollen cloth	47·2		
The mean depression of the nocturnal radiation thermometer below the minimum air temperature at 4 feet above the ground	6·3		
The greatest depression of the nocturnal radiation thermometer below the minimum air temperature	8·2	5th	
	Miles.		
The mean movement of the wind per day	83·7		
The greatest movement of the wind in one day	153·0	17th and 18th	
The greatest movement of the wind in one hour	13·0	15th and 31st	11 to noon. 1 to 2 P.M. 11 to noon.

The number of hours with winds from each of the eight points—

The mean pressure, temperature, etc., are deduced from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

O, overcast ; ☁, dew.

NOTIFICATION.

No. 189Medl.-P.—The 17th February 1908.—The following rules which have been approved by the Government of India for the issue in India of Plague Prophylactic from the Bombay Bacteriological Laboratory, Parel, Bombay, are published for general information.

Rules for the issue of Plague Prophylactic from the Bombay Bacteriological Laboratory, Parel, Bombay.

1. Applications received from Government or other public officials and Medical Officers, of whose fitness to use the praphylactic there is no doubt, and from the practitioners who have already been once supplied on the recommendation of Civil or Medical Authorities, will be complied with at once.

2. Applications from medical practitioners who have not been supplied before must be sent through the Chief Civil Authority, or Medical Officer of the place where they reside. In the event of the application being supported, it will be complied with. Subsequent applications may be submitted direct to the Laboratory, when they will be dealt with in the ordinary course, the applicant not being required to submit his application again through the Civil or Medical Authority.

3. Applications from firms of chemists or private individuals not medical men, cannot be accepted. The resident Physician of a firm of chemists may be supplied with the prophylactic, and the requisition will be dealt with as a case of first application from a private medical practitioner. In this case the prophylactic will be supplied on the distinct understanding that it is required for *bonâ fide* personal use, *e.g.*, inoculating his staff or patients, etc. In no circumstances is the resident Physician authorized to allow the prophylactic supplied to him to be used by any one else.

4. Local Governments, Local Boards or Municipalities desiring that a stock of prophylactic should be available for use in emergencies should arrange for the local Medical Storekeeper, or Civil Surgeon, or Health Officer, to be supplied accordingly. Only medical men are to be entrusted with the custody of the prophylactic.

5. A charge of ½ anna per dose is made for the anti-plague vaccine supplied to applicants outside the Bombay Presidency as well as to independent Native States within the Presidency. There will be in addition a charge of 1 anna 3 pies to defray the cost of each bottle, which contains, as a rule, 5 doses, besides the charge of packing and freight. In the Bombay Presidency no charge is made to applicants for anti-plague vaccine, except the cost of bottles, packing and freight.

IRRIGATION DEPARTMENT.

The 18th February 1908.

No. 3.—Notification.—In exercise of the powers conferred upon him by sections 78 and 99 of Act III (B. C.) of 1876, His Honour the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Midnapore Canal. These rules and rates will supersede those now in force.

R. E. CARTER,
Offg. Secretary to the Govt. of Bengal.

Leases for a term of years.

1. The country served by the canals shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officers under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officers. The blocks shall also be marked on maps to be maintained by the same officers.

3. Leases for not more than seven years may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions:—

I.—Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently, a separate lease may be granted for each part.

II.—All leases within one block shall be so granted that they may expire on the same date.

III.—No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall fix from time to time the gross area for which and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which lands have been brought under lease for a term of years, or in which there is any probability of such leases being taken, shall be kept in the subdivisional canal offices. These maps to be at scale 32" = 1 mile when such are available, and elsewhere at scale 16" = 1 mile.

6. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented and shall be received either at the Subdivisional or Sectional Canal Office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall forward the preliminary application to the Zilladar, in order that the detailed assessment may be taken in hand. The lands to be brought under lease shall be indicated on a copy of the map alluded to in rule 5.

7. The Zilladar on receipt of the application shall depute an amin to prepare the *khasra* or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and *khasra*. Should the survey map and *khasra* not be available, the amin shall make a sketch map, and shall measure the areas of the holdings with a chain or measuring-rod.

8. When the amin has completed the *khasra*, the Zilladar shall forward it to the Subdivisional Canal Officer for approval.

9. As soon as the *khasra* has been approved by the Subdivisional Canal Officer, he shall return it to the Zilladar endorsed with his signature in token of approval.

The Zilladar shall then prepare a *khatian* or abstract of the *khasra*, and shall have the form of application, given as Appendix No I to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been completely signed, the Zilladar shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix No. III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer by means of his Sectional Officers. The Divisional Canal Officer shall return the application to the Deputy Collector, Revenue Division, with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the Zilladar shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer is authorised to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

Covering Leases.

11. Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given as Appendix No. II to these rules. This application must be signed in the presence of the Zilladar or of some other responsible officer nominated for the purpose by the Subdivisional Canal Officer. The signatures should be those of the leading cultivators in the block in question, and they should represent holders of not less than 15 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. IV to these rules, and shall at once supply water.

Single Waterings.

12. Applications for a single watering during the *kharif* season, may be entertained if water is available, after meeting the demand for the areas leased for a term of years. The applications may be presented at the Subdivisional Canal Office or to the Sectional Officer. They must be in the form given as Appendix No. V to these rules.

The application must be for a definite block and the signatures of the applicants must cover areas aggregating not less than four fifths of the lands in the block.

If the Subdivisional Officer is able to supply water and accepts the application he will require the applicants to pay in advance one-half of the amount due on the areas entered in the application at the rate specified in the schedule of rates, and on this sum being paid he will at once issue a permit in the form given as Appendix No. VI to these rules and will supply water. When the watering has been concluded the area actually irrigated shall be determined and the assessment shall be made on the areas actually watered within the limits of the block specified in the application and permit.

Season Leases.

13. Applications for water to irrigate spring rice or other crops between December and April may be presented at the Subdivisional Canal office or to the Sectional Officer. They must be in the form given as Appendix No. VII to these rules.

In the applications the areas for which water is required must be specified but the rate will be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given as Appendix VIII to these rules will be granted by the Subdivisional Canal Officer if he is able to supply the water.

Supply of water.

14. The Divisional Canal Officer shall control the supply of water throughout the Division in his charge.

15. No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease or by a lease for a single watering.

16. Under the forms of irrigation lease in use, no specific supply of water is promised; but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

17. The Divisional Canal Officer is empowered to give the required supply by rotation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water-rates.

18. The rates due for water supplied shall be collected by the Deputy Collector or other officer in charge of the Revenue Division through his staff of Zilladars, Tahsildars and peons. All *khatians* or demand statements shall be signed by the Deputy Collector or other officer in charge of the Revenue Division after scrutiny in his office

19. At the time of preparation of the *khatian* in the Zilladar's office, each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved for the purpose.

20. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

21. For the purposes of account, of control over establishment, and of general administration, the Deputy Collector or other officer in charge of the Revenue Division is in the position of an Executive Engineer in charge of a division, and is directly subordinate to the Superintending Engineer. In regard to any proceedings taken under the Public Demands Recovery Act the Deputy Collector is subject to the control of the Collector of the district.

Unauthorized use of water and waste of water.

22. Should it be necessary to take action under the provisions of sections 79 and 80 of the Act, proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regarding the unauthorized use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reasons for or against assessment, both as regards the facts and as regards the law; and he shall determine the rate to be charged subject to the provision in the schedule of rates attached to these rules.

23. Should the Divisional Canal Officer decide on making an assessment, he shall have the assessment paper prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or *khatian* shall be sent to the officer in charge of the Revenue Division, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Act shall count from the date on which the statement of the charge may be furnished to the person assessed, which date shall be endorsed on it.

24. No proceedings shall be instituted if the unauthorized use or the waste of water have occurred through the act or neglect of a Canal Officer or subordinate employed on the Canal. During the irrigation of autumn rice, the passing on of surplus water from leased to unleased fields is not an authorized use of water.

Complaints and Applications.

25. All complaints or applications with respect to the supply of water, to defective drainage, and generally with respect to the administration of the canals, shall be received on presentation at either divisional or subdivisional canal offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officers for disposal at his discretion.

Any such complaints or applications, if presented to the Deputy Collector or to his staff, shall be returned endorsed with instructions as to the proper office at which to present them. If received by post, they shall be at once forwarded to the Divisional or Subdivisional Canal Officer.

26. Complaints or applications with respect to corrections of the assessment with respect to the actions of the amins in assessing and with respect to the actions of the tahsildars and other staff employed in collections, shall be received at the office of the Deputy Collector or other officer in charge of the Revenue Division, or at the zilladars' offices.

27. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

28. The Officer receiving the complaint or application shall either make a personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

29. The orders passed on all complaints or applications shall be in writing, and a copy of every order shall be furnished to the complainant or applicant.

The copy of order may be sent by post (registered), if this is convenient.

The period within which an appeal may be presented under section 91 of the Act shall be reckoned from the date on which the copy of the order is received by the person.

30. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is heard.

31. The Divisional Canal Officer is empowered to revise the proceedings of his Subdivisional Canal Officers, and the Superintending Engineer is empowered to call for and to revise the proceedings of all officers under his control.

Remissions and Alterations of Demand.

32. Whenever the crop on land entitled to a supply of water suffers material injury from an insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Divisional Canal Officer, provided that the person claiming remission shall have applied for such not less than 15 days before the reaping of the crop.

33. On the occasion of lands being brought under a lease for a term of years, the Divisional Canal Officer is empowered to remit the rates for the first season on those fields which from the nature of the cultivation then obtaining, or from other causes, have not, in that season, derived any benefit from the supply of canal water.

34. Should the crop on lands under lease for a term of years suffer material injury from excess of water due to deficient drainage, the Divisional Canal Officer may grant remission of the rates due on such lands in whole or in part, provided that the person asking for remission shall have applied at least 15 days before the reaping of the crop.

35. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of the Divisional Canal Officer.

36. Revisions of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes in the occupation of lands shall be made under the orders of the Deputy Collector or other officer in charge of the Revenue Division, provided that no change involving any increase or decrease in the total area under lease for a term of years shall be made without the concurrence of the Divisional Canal Officer.

37. Remissions of water-rates on account of injury to the crops caused by inundation, by blight, by storms or by any extraordinary cause will only be allowed under the special orders of the Local Government.

Irrecoverable Demands.

38 The Superintending Engineer is empowered to sanction the write-off of those demands which are reported, after due enquiry by the Deputy Collector or other officer in charge of the Revenue Division, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death, or owing to the defaulter having absconded.

Cultivators' Representatives.

39. Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the officer in charge of the Revenue Division shall, with the concurrence of the Subdivisional Canal Officer, select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

40. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters :—

(*i*) In the preparation of applications for leases
(*ii*) In the measurement of irrigated lands.
(*iii*) In recording the names of the occupiers of the holdings.
(*iv*) In receiving demand statements and distributing to the cultivators the individual notices of assessment.
(*v*) In attending, when required, at enquiries into complaints.
(*vi*) In reporting to the zilladars any changes in the occupancy of lands under lease.
(*vii*) In assisting the tahsildar in collecting rates.

41. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own occupation, which may lie within the boundaries of the leased area subject to a total limit of 3 per cent. of the area assessed. The Deputy Collector or other officer in charge of the Revenue Division may disallow in whole or in part this free irrigation, and may recover the rates which would otherwise have been payable in whole or in part if the assistance specified in Rule 40 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

42. The Deputy Collector shall maintain in his office a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

43. Applicants for single waterings or for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in Rule 40 and shall receive remuneration on the same scale as in Rule 41.

Power to decline or cancel leases.

44. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with effect from the 1st of June next following. The order to cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

45. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realizing the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any lease for a term of years, if on the 1st June of any year water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

Miscellaneous.

46. Tanks may be supplied with canal-water without charge, when water can be made available without injury to the cultivation dependent on a canal, under the following conditions :—

(*i*) That the water is to be exclusively used for domestic purposes, or for watering cattle.

(*ii*) That a channel exists through which water can pass without waste.

(*iii*) That the water shall only be supplied on the written order of the Subdivisional Canal Officer.

(*iv*) That any new outlet or sluice which may be required to allow of the supply being given shall be provided at the cost of the persons who ask for the water.

(*v*) That the supply of water may be stopped at any time if it is found that it is being misused.

47. Except when a public right-of-way exists, no person shall, without the permission expressed in writing of the Divisional or Subdivisional Canal Officer, pass himself, or cause any animal or vehicle to pass, on or across any of the works, banks or channels of a canal, or drainage work which is part of the canal system except by means of such bridges, fords and ferries as may have been provided for the purpose.

Any person who, after due warning, commits a breach of this rule may be proceeded against under section 93, clause (9), of the Irrigation Act

48. The use of any part of the banks or berms of any canal, drainage work which is part of the canal system, or flood embankment which is subject to the provisions of the Irrigation Act, as a place for relieving the calls of nature, is prohibited. Any person who after due warning commits a breach of this rule may be proceeded against under section 93, clause (9), of the Irrigation Act.

49. Should water be required for purposes other than irrigation, it may be supplied, when available, at a rate of one rupee per 10,000 cubic feet of water.

50. No officer employed on the canals, unless especially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals or purchase or bid for any Government property sold thereon either in his own name or in the name of another, or jointly, or in shares with others.

IRRIGATION DEPARTMENT.

[Fourth Publication.]

The 28th January 1908.

No. 2.—Notification.—In exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, His Honour the Lieutenant-Governor of Bengal proposes to make the following revised water-rate rules for the Dhaka Canal in supersession of those passed in Notification No. 11, dated the 27th March 1905, and modified in Notification No. 3, dated the 16th March 1907 and in lieu of those proposed in Bengal Government Notification No. 1, dated the 21st January 1908.

R. E. CARTER,
Offg. Secy. to the Govt. of Bengal.

AS EXISTING.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4 In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 16, the Collector may require the Superintending Engineer to state his opinion in writing, which opinion shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

(*a*) the Sectional Officer, or
(*b*) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper

The person receiving them shall enter on the back any further data required.

AS PROPOSED.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the Canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from an order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 16, the Collector may require the Superintending Engineer to state his opinion in writing, which opinion shall form part of the record of the proceedings of the case.

ON APPLICATIONS.

5. Any person who requires a lease for water may apply to—

(*a*) the Sectional Officer, or
(*b*) the Subdivisional Canal Officer.

These preliminary applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block or a definite part of a block under the following conditions:—

(i) No lease for less than 10 acres shall be granted.

(ii) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease at a period less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

11. When water is required, pending the completion of a lease for a term of years, the Subdivisional Canal Officer may, on application, grant a season lease which will be cancelled if the long lease is subsequently concluded.

12 Season leases for the supply of water at any season may be granted on application by the Subdivisional Canal Officer.

13. When a lease is granted, an agreement shall be taken in forms given in Appendices I, III, IVA and IVB, and a "permit" shall be given to the lessee or lessees in forms given in Appendices II, IV and IVC.

14. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (forms of application and permit are given in Appendices V and VI).

ON WATER-RATES.

15. The following rates will be charged for water supplied, whether taken by lift or flow:—

	Rs.	A.	
I.—Leases for a term of years, 16th June to 15th November.	1	0	per acre.
II.—Season leases, 16th June to 15th November.	1	8	„ „
III.—Season leases, 1st November to 28th February.	0	8	„ „
IV.—Season leases, 1st March to 15th June.	2	0	„ „
V.—Water supplied to tanks.	1	0	„ 10,000 c. ft.

ON LEASES AND PERMITS.

6. Leases for a term of 3years may be granted under the following conditions:—

(i) The lands to be irrigated must constitute a block with defined boundaries and be so situated that adjoining lands will not ordinarily or probably be irrigated with water supplied.

(ii) All the irrigable lands within the limits of the block must be included.

(iii) Sufficient distributing channels must be provided to enable the irrigation to be carried on without waste of water.

(iv) No lease will be granted when the water must cross unleased lands unless there is a channel which will, in the opinion of the Subdivisional Canal Officer, convey the water across the intervening land without waste.

Applications for leases for a term of years will be received up to 1st May in each year. It shall be within the discretion of the Divisional Canal Officer to accept or decline applications for such leases if presented at a later date.

7. The Divisional Canal Officer shall issue permits for leases for a term of years to the lessee through the Subdivisional Canal Officer.

8. When water is required, pending the completion of a lease for a term of years, the Subdivisional Canal Officer may, on application, grant a season lease which will be cancelled if the lease for a term of years is subsequently concluded.

9. Season leases for the supply of water for any crop may be granted, on application, by the Subdivisional Canal Officer.

10. When a lease is granted, an agreement shall be taken in forms given in Appendices I, III, IVA, IVB, VII and IX and a "permit" shall be given to the lessee or lessees in forms given in Appendices II, IV, IVC, X and XI.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (forms of application and permit are given in Appendices V and VI).

ON WATER-RATES

12. The following rates will be charged for water supplied, whether taken by lift or flow:—

	Rs.	A.	
I.—Leases for a term of 3 years, 16th June to end of February in each year.	1	0	per acre.
II.—Season leases, 16th June to 31st October.	2	0	„ „
III.—Season leases, 1st November to end of February.	1	0	„ „

ON DEMAND STATEMENTS.

16. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when or before the demand statement is sent to the Collector for realization. Persons charged under rule 26 shall be served as soon as the charge is made, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

17. The rates for water supplied between 16th June and 15th November, whether on leases for a term of years or on season leases, shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

22. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

23. Before a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators, and shall each have a direct interest in the land covered by the lease. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *Jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

24. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

ON CULTIVATORS' REPRESENTATIVES.

19. In all applications and permits other than those relating to sale of water by volume, the names of one or more persons shall be entered as *lambardar* who will be responsible for discharging the duties mentioned below:—

I.—Obtaining signatures to applications and certifying to the correctness of the same.

II.—Attending and giving assistance in measuring land irrigated, or proposed to be irrigated.

III.—Giving timely information to the Canal Officer or subordinate of any insufficiency in the supply of water and promptly reporting when the irrigation of the leased area, on any channel, is complete.

IV.—Supervising the distribution of the water supplied through an outlet amongst the persons entitled thereto and reporting any misuse of the same.

V.—Being present when complaints are investigated by a Canal Officer, or subordinate, and giving information required in connection with the same.

VI.—Receiving *parchas* from the Canal Officer and distributing the same amongst the persons named therein.

VII.—Reporting before the 15th of October all cases in which crops have been injured by deficiency or irregularity of supply in the *kharif* season so that these cases may be investigated before water-rates are demanded.

VIII.—Reporting to the Collector or to such officer as he may appoint mutations in holdings in the case of leases for a term of years.

IX.—Assisting the Collector by pointing out the residences of the persons assessed and identifying them.

20. In the case of season leases the remuneration for performing the duties mentioned in the rule immediately preceding shall be two per cent. on the assessment (excluding fractions of a rupee) which shall be paid by the Canal Officer. The amount paid shall be calculated in rupees and annas only, pies being omitted.

25. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or their own occupation, which may lie within the boundaries of the long lease, subject to a total limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation and recover the rates, in whole or in part, from the *Jait raiyats* or *gumashtas* or other representative, if the assistance specified in rule 24 has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

26. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

27. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that the land deriving benefit is liable to assessment, he shall serve a notice on the persons concerned, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal

28. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the land should be assessed, fix the rates allowed under rule 26 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

29. Applications for leases may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; in such cases the persons assessed under rule 26 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 26. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 26.

21. In the case of leases for a term of years other than those entered into jointly with contractors the remuneration to be paid to the *lambardar* for performing the duties mentioned in rule 19 shall be three per cent. yearly on the assessment of the year (excluding fractions of a rupee) which shall be paid by the Canal Officer. The amount paid shall be calculated in rupees and annas only, pies being excluded.

22 The *lambardar* will be appointed by the Subdivisional Officer in consultation with the applicants for the lease and must be a substantial person having a beneficial interest in part of the land to be irrigated. There is no objection to different *lambardars* being appointed to represent sections of the applicants or to two or more persons being jointly appointed as *lambardars* on behalf of the whole of the applicants. In case the Subdivisional Canal Officer cannot agree with the applicants in the appointment of *lambardar*, he shall nominate a *lambardar* for approval by the Divisional Canal Officer.

In those cases where an application is made by a contractor and cultivators jointly for a lease for a term of years the *lambardar* shall be nominated by the contractor.

23. The Divisional Canal Officer may, for reasons which appear to him to be sufficient and which must be recorded, remove a *lambardar* from his appointment, and in that case a new *lambardar* shall be appointed in the manner prescribed in the rule immediately preceding.

24. The fees to be paid to *lambardars* will only be disbursed if the duties specified have been satisfactorily performed. The Divisional Canal Officer may retrench the whole or any part of the fees payable for reasons to be recorded in writing. In calculating the fees payable, fractions of one anna will be excluded.

Intermediary agency.

25. Leases for a term of years will be entered into with associations of cultivators as specified in these rules; and also on the joint application of the cultivators and of some person hereinafter called the contractor who shall collect and pay to Government all sums due under the agreement on account of water-rates. The joint agreement shall be in the form given in Appendix VII to these rules. The contractor must have a beneficial interest in some part of the land included in the application extending for the full term of the lease.

ON PENALTIES AND CANCELLING OF LEASES.

30. Should it be proved, after due enquiry, that the supply of water given to any area leased for a term of years is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

31. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also, if especially so ordered, until half the amount due under new applications is paid in advance An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any lease for a term of years, if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease the lands covered by which cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

32. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

33. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

26. Contractors are authorised to collect water-rates from the cultivators who have signed the application and from their successors in interest in the land included in the block at the rates fixed by the Lieutenant-Governor.

27. A contractor (or in case there be more than one, each contractor severally) shall use due diligence in the collection of the water-rates specified in the agreement from the cultivators who have applied for the water-supply. In the case of his failure after due diligence to collect, he shall within thirty days of the rates becoming due submit to the Collector a list showing the names of the defaulters with the sums due from each and the Collector shall thereupon proceed to realise the amount due from the said defaulters according to law.

28. A contractor (or in case there be more than one, each contractor severally) shall be responsible for all sums payable on the agreement except such sums as he may satisfy the Collector that he has been unable to collect after using due diligence and shall be entitled to a commission of 5 per cent. on all sums collected by himself.

29. In the case of a lease entered into under an application in the form given as Appendix I, a contractor may subsequently be appointed by the Collector with the written approval of the Divisional Canal Officer. Such contractor must for the whole term of the lease have a beneficial interest in some part of the land included in the application and must sign an application in the form given as Appendix VIII. The appointment shall not be made unless the lambardars and leading cultivators give their assent in writing thereto and the Collector is satisfied that the appointment of a contractor is acceptable to the signatories to the lease.

30. The contractor appointed under rules 25 and 29 may, but shall not necessarily be, lambardar. The lambardar will in all cases be appointed by the Canal Officer under the provision of rule 22 and shall be remunerated at the rate specified in rule 21 subject to the conditions mentioned in rule 24.

31. No steps shall be taken to prepare a joint application by cultivators and a contractor until the written assent of the Collector to the proposed contractor has been received.

nor shall the Collector take any steps towards the appointment of a contractor under rule 29 until the written assent of the Divisional Canal Officer has been received. The Collector may, before approving of a contractor under this rule, require him to give security for the due performance of the contract.

32. A contractor may resign his interest in the lease by giving notice to the Divisional Canal Officer three months at least before the 16th June next following, in which case his connection with the lease shall cease from that date and the Subdivisional Canal Officer shall proceed to appoint a lambardar under rule 22 and the Collector to realize water-rate due directly from the lessees.

The Divisional Canal Officer may, at the instance of the Collector, remove any contractor who fails to use due diligence in making collections. In such cases three months' notice at the least before the 16th June next following shall be given and the removal shall take effect from that date. The Collector may, under the conditions and procedure specified in rule 29, appoint a new contractor in place of a contractor who has resigned or who has been removed.

ON UNAUTHORISED IRRIGATION.

33. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

34. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that the land deriving benefit is liable to assessment, he shall serve a notice on the persons concerned, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

35. The Divisional Canal Officer after hearing any objection that may be raised shall if he is of opinion that the land should be assessed, fix the rates allowed under rule 33 and return the record to the Subdivisional Canal Officer who shall then complete the assessment.. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate. It is not an unauthorised use of water during the *kharif* season to receive or to lead water on to unleased lands which may have been supplied to lands under lease in excess of requirements.

36. Applications for leases may be subsequently received from villages in which unauthorised irrigation has occurred, and these villages may be granted leases; in such cases the persons assessed under rule 33 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 33. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 33.

ON PENALTIES AND CANCELLING OF LEASES.

37. Should it be proved, after due enquiry, that the supply of water given to any area leased for a term of years is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

38. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also, if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any lease for a term of years, if on the 1st June water-rates to the extent of half the demand for one year are in arrears

(III) Cancel any lease the lands covered by which cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

39. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose. Any person who after due warning breaks this rule may be proceeded against under section 93, clause (9) of the Bengal Irrigation Act, III of 1876.

40. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

Acts of the Governor General's Council assented to by the Governor General.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Governor General of India in Council received the assent of the Governor General on the 14th February, 1908, and is hereby promulgated for general information:—

ACT No. IV OF 1908.

An Act further to amend the Coroners Act, 1871, and the Prisoners Act, 1900.

WHEREAS it is expedient further to amend the Coroners Act, 1871, and the Prisoners Act, 1900; It is hereby enacted as follows:— I of 1871. of 1900.

1. This Act may be called the Coroners (Amendment) Act, 1908. Short title.

2. In section 9 of the said Act, for the word "buried" the words "disposed of" shall be substituted. Amendment of section 9, Act IV of 1871.

3. In section 11 of the said Act, for the words "where the first was insufficient" the words "where the Coroner considers it necessary or desirable in the interests of justice to take a further inquisition" shall be substituted. Amendment of section 11, Act IV of 1871.

4. To section 15 of the said Act the following shall be added, namely:— Addition of proviso to section 15, Act IV of 1871.

"Provided that the Coroner may, with the concurrence of a majority of the jury, dispense with a view of the body, if he is satisfied, from medical evidence or medical certificates, that no advantage would result from such viewing."

5. In section 17 of the said Act, for the words and figures "Act No. XV of 1869 (*to provide facilities for obtaining the evidence and appearance of prisoners and for service of process upon them*)," the words and figures "Part IX of the Prisoners Act, 1900," shall be substituted. Amendment of section 17, Act IV of 1871.

6. After section 18 of the said Act the following shall be inserted, namely:— Addition of new section 18A to Act IV of 1871.

"18A. Any document purporting to be a report under the hand of any Chemical Examiner or Assistant Chemical Examiner to Government upon any matter or thing duly submitted to him for examination or analysis and report in the course of any proceeding under this Act, may be used as evidence in any inquest under this Act and in any subsequent inquiry, trial or other proceeding under the Code of Criminal Procedure, 1898." Report of Chemical Examiner. V of 1898.

7. To section 21 of the said Act the following shall be added, namely:— Addition to section 21, Act IV of 1871.

"and the whole, or such part thereof as to the Coroner seems fit, shall, in default of attendance by the jurors, be recoverable in the same manner as a fine imposed under section 31."

8. For section 25 of the said Act the following shall be substituted, namely :—

Substitution of new section 25, Act IV of 1871.

"25. When the jury or a majority of the jury find that the death of the deceased person was occasioned by an act which amounts to an offence under any law in force in British India, the Coroner shall immediately after the inquest forward a copy of the inquisition, together with the names and addresses of the witnesses, to the Commissioner of Police."

Procedure where death is found due to an act amounting to an offence.

9. For section 26 of the said Act the following shall be substituted, namely :—

Substitution of new section 26, Act IV of 1871.

"26. The Coroner may also, where the verdict justifies him in so doing, issue his warrant for the apprehension of the person who is found to have caused the death of the deceased person, and send him forthwith to a Magistrate empowered to commit him for trial."

Power to arrest and commit for trial.

10. Section 27 of the said Act is hereby repealed.

Repeal of section 27, Act IV of 1871.

11. In section 28 of the said Act, for the word "burial" the word "disposal" shall be substituted.

Amendment of section 28, Act IV of 1871.

12. In the Second Schedule of the said Act, for the words "on view of the body of A. B. then and there lying dead" the words "in the case of A. B. deceased" shall be substituted.

Amendment of Second Schedule, Act IV of 1871.

13. In section 11 of the Prisoners Act, 1900, for the words "Justice of the Peace or Coroner" the words "or Justice of the Peace" shall be substituted.

III of 1900.

No. 62 (second publication).—With reference to Notice to Mariners No. 545, dated 7th December 1907, issued by this Office, a further telegraphic communication has been received from the Principal Port Officer, Burma, intimating that the light vessel *Kalagouk* will resume her position at Krishna shoal on or about the 10th February 1908 when the temporary vessel will be withdrawn.

BAY OF BENGAL.

Caution—S.S. Maharaja—*Report of a derelict cargo boat.*

No. 40 (third publication).—The Master of the S.S. *Maharaja* reports that at about 3 P.M., on the 27th January 1908, he passed a derelict cargo boat, in the following position:—

Latitude 18° 56′ N.
Longitude 89° 41′ E.

As this derelict is in the track of vessels bound to or from Singapore, Mariners are hereby warned.

BRITISH POSSESSIONS—India.

Caution, when approaching British Ports.

No. 41 (third publication).—The following Notice to Mariners (No. 1 of 1908) issued by the British Admiralty is republished:—

My Lords Commissioners of the Admiralty, having taken into consideration the fact that circumstances may arise in which it may be necessary, on account of periodical exercises,

manœuvres, or otherwise, to forbid all entrance to the naval ports at night, this is to give Notice that on approaching the shores of Great Britain, or any port of the British Empire, if search lights are observed to be in constant operation, the Naval harbours should be approached with great caution, as it may be apprehended that obstructions may exist outside the port, or that the entrances may be altogether closed, and the Examination service may be in force.

In the event of relations becoming strained between this country and any Naval Power, an Examination service may come into force at the ports or localities in the United Kingdom, and H.M. Possessions abroad, mentioned at the end of this Notice.

Masters are warned that before attempting to enter any of these ports they must, in their own interests, strictly obey all instructions given to them by the vessels which will be charged with the duty of examining ships desiring to enter the ports, and allotting positions in which the ships shall anchor. In case of fog they should on no account attempt to enter before receiving permission from the Examination Officer.

The institution of an Examination service at any port will never be publicly advertised, but at all times when the relations of Great Britain with foreign Powers are known to being a state of tension, especial care should be taken in approaching the ports, by day or by night, to keep a sharp look-out for the Examinatian steamer and to be ready to "bring to" at once when hailed by her or warned by the firing of a gun. Under these circumstances unless they have communicated with the Examination steamer and received permission to enter the harbour, vessels must proceed to the Examination anchorages marked on the Admiralty charts and anchor there.

If an entrance to a port is closed, three RED *vertical lights by night, or three red balls by day, will be exhibited in some conspicuous position, in or near to its approach, and as far as possible notice of this fact will be given by look-out vessels in the offing.*

If the Examination service is in force the Examination steamer will fly a special flag (white and red horizontal surrounded by a blue border) and a blue ensign and will be distinguished at night—

(*a*) When the port is closed, by three red vertical lights.

(*b*) When the port is open, by three white vertical lights.

The pilots attached to the ports will be acquainted with the regulations to be followed.

2. In reply I am to request that an expression of the Lieutenant-Governor's thanks may be conveyed to Babu Prokash Chandra Lahiry for his public spirit and liberality.

REPORT ON THE COTTON CROP OF BENGAL, FEBRUARY 1908.

THE following note is published for general information.

E. A. GAIT,

Chief Secy. to the Govt. of Bengal.

The 15th February 1908.

DEPARTMENT OF AGRICULTURE, BENGAL.

FOURTH REPORT ON THE COTTON-CROPS OF BENGAL, FEBRUARY 1908.

[On an average of the five years ending 1905-06, the area under cotton crop in the territory to which this forecast relates has represented some 0·4 per cent. of the total area under cotton in India.]

Explanatory.—This is the final report on the cotton crops of Bengal to be issued during the season 1907-08. It deals with the revised estimates of the area and outturn since the issue of the third report in December.

2. *Character of the season.*—The principal districts in which the early cotton crop is grown are the Santhal Parganas, Sambalpur, Manbhum, Singhbhum and Ranchi. In these districts the crop suffered from drought in September and October and in Sambalpur from floods in August.

The chief districts in which the late cotton crop is grown are Saran, Muzaffarpur, Darbhanga, Singhbhum and Cuttack. The crop suffered from drought.

3. *Area sown.*—The area sown with early cotton is estimated at 38,912 acres against 39,947 acres last year and with late cotton 24,924 acres *i.e.*, 606 acres less than last year.

The date of harvesting was normal.

The outturn of early cotton amounted to 3,720 bales, and that of late cotton to 10,768 bales. The corresponding outturn of last year was 6,250 and 9,780 bales, respectively. Adding to these estimates 5 per cent. for the cotton crop grown in the Native states, for which no statistics are recorded, the total early and late crop comes to 3,906 and 11,306 bales, respectively.

The total outturn of the cotton crops for the whole Province is estimated at 15,212 bales against 16,831 bales last year.

The mean pressure, temperature, etc., are deduced from the traces of the Kunsends Barograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

GENERAL DEPARTMENT.

NOTIFICATION.

No. 1209 – The 20th February 1908.—The following resolution of the Government of India, Department of Commerce and Industry, is republished for general information:—

H. C. STREATFEILD,
Offg. Secy. to the Govt. of Bengal.

No. 1375—1395—1, dated Calcutta, the 7th February 1908.

RESOLUTION—By the Government of India, Department of Commerce and Industry.

THE following papers relative to the Grand Exhibition of Japan to be held at Tokyo in 1912 are published for general information.

The general regulations which have heretofore been adopted for the Grand Exhibition of Japan to be held in Tokyo in 1912 are as follows: (The location of different exhibition buildings and allotment of space as well as the rules and regulations for exhibits will be communicated as soon as they are finally decided upon).

The Grand Exhibition of Japan will be opened on the first day of April 1912, and will be closed on the thirty-first day of October of that year.

The location of the Exhibition will be the Aoyama Parade Ground in the city of Tokyo, 1st, 2nd and 3rd blocks of Kitamachi, Aoyama of the said city, about three quarters of the Imperial Estate of Yoyogi, Toyotama District, Tokyo Prefecture, and that portion of the lot, connecting the said Parade Ground and the Imperial Estate, along which the formerly called Kōbu Railway runs.

The entire site of the Exhibition will comprise about 292 acres (about 350,000 Tsubos).

All foreign Governments and peoples are invited to participate in this exhibition. For the instalment of foreign exhibits, belonging to the five different departments of Education, Science, Machinery, Electricity, and Manufactured Goods, space will be allotted in the exhibition buildings erected by the Administration Office of the Grand Exhibition of Japan. For exhibits other than those above designated, any nation may erect a separate building at its own expense. No charge will be made for space allotted for such building.

Any nation may, if it so desires, exhibit articles belonging to the aforesaid five departments and also other articles not coming under these headings in the building erected by such nation at its own expense. No charge will be made for space allotted for such building.

All articles which shall be imported from foreign countries for the sole purpose of exhibition, and not used for commercial purposes in this country, and all materials for the buildings of foreign Governments, or special exhibition buildings and decorations thereof, will be admitted free of duty. It is proposed to make a special arrangement concerning articles which shall be imported from foreign countries for sale at bazaars, or things intended for amusement and shows which are liable to customs duty, and a Bill to that effect will be introduced in the next session of the Diet.

It is also intended to afford special protection to all inventions, designs, models of utility and trade marks of foreign exhibits, and a Bill to that effect will be introduced in the next session of the Diet.

PUBLIC WORKS DEPARTMENT.

ESTABLISHMENT

The 25th February 1908.

No. 29.—Mr. E. R. Gardiner, Superintending Engineer, Western Circle, is granted privilege leave for three months and furlough for nine months, under articles 233 (1), 260 and 303 (*b*) of the Civil Service Regulations, with effect from the 1st April 1908, or such subsequent date as he may avail himself of it.

M. J. SCOBIE,
Secy. to the Govt. of Bengal.

IRRIGATION DEPARTMENT.

[Fifth Publication.]

The 28th January 1908.

No. 2.—Notification.—In exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, His Honour the Lieutenant-Governor of Bengal proposes to make the following revised water-rate rules for the Dhaka Canal in supersession of those passed in Notification No. 11, dated the 27th March 1905, and modified in Notification No. 3, dated the 16th March 1907 and in lieu of those proposed in Bengal Government Notification No. 1, dated the 21st January 1908.

R. E. CARTER,
Offg. Secy. to the Govt. of Bengal.

AS EXISTING.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 16, the Collector may require the Superintending Engineer to state his opinion in writing, which opinion shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

(*a*) the Sectional Officer, or
(*b*) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

AS PROPOSED.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the Canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from an order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 16, the Collector may require the Superintending Engineer to state his opinion in writing, which opinion shall form part of the record of the proceedings of the case.

ON APPLICATIONS.

5. Any person who requires a lease for water may apply to—

(*a*) the Sectional Officer, or
(*b*) the Subdivisional Canal Officer.

These preliminary applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block or a definite part of a block under the following conditions:—

(*i*) No lease for less than 10 acres shall be granted.

(*ii*) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease at a period less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

11. When water is required, pending the completion of a lease for a term of years, the Subdivisional Canal Officer may, on application, grant a season lease which will be cancelled if the long lease is subsequently concluded.

12. Season leases for the supply of water at any season may be granted on application by the Subdivisional Canal Officer.

13. When a lease is granted, an agreement shall be taken in forms given in Appendices I, III, IVA and IVB, and a "permit" shall be given to the lessee or lessees in forms given in Appendices II, IV and IVC.

14. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (forms of application and permit are given in Appendices V and VI).

ON WATER-RATES.

15. The following rates will be charged for water supplied, whether taken by lift or flow:—

	Rs.	A.	
I.—Leases for a term of years, 16th June to 15th November.	1	0	per acre.
II.—Season leases, 16th June to 15th November.	1	8	„ „
III.—Season leases, 1st November to 28th February.	0	8	„ „
IV.—Season leases, 1st March to 15th June.	2	0	„ „
V.—Water supplied to tanks.	1	0	„ 10,000 c. ft.

ON LEASES AND PERMITS.

6. Leases for a term of 3years may be granted under the following conditions:—

(i) The lands to be irrigated must constitute a block with defined boundaries and be so situated that adjoining lands will not ordinarily or probably be irrigated with water supplied.

(ii) All the irrigable lands within the limits of the block must be included.

(iii) Sufficient distributing channels must be provided to enable the irrigation to be carried on without waste of water.

(iv) No lease will be granted when the water must cross unleased lands unless there is a channel which will, in the opinion of the Subdivisional Canal Officer, convey the water across the intervening land without waste.

Applications for leases for a term of years will be received up to 1st May in each year. It shall be within the discretion of the Divisional Canal Officer to accept or decline applications for such leases if presented at a later date.

7. The Divisional Canal Officer shall issue permits for leases for a term of years to the lessee through the Subdivisional Canal Officer.

8. When water is required, pending the completion of a lease for a term of years, the Subdivisional Canal Officer may, on application, grant a season lease which will be cancelled if the lease for a term of years is subsequently concluded.

9. Season leases for the supply of water for any crop may be granted, on application, by the Subdivisional Canal Officer.

10. When a lease is granted, an agreement shall be taken in forms given in Appendices I, III, IVA, IVB, VII and IX and a "permit" shall be given to the lessee or lessees in forms given in Appendices II, IV, IVC, X and XI.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (forms of application and permit are given in Appendices V and VI).

ON WATER-RATES

12. The following rates will be charged for water supplied, whether taken by lift or flow:—

	Rs.	A.	
I.—Leases for a term of 3 years, 16th June to end of February in each year.	1	0	per acre.
II.—Season leases, 16th June to 31st October.	2	0	„ „
III.—Season leases, 1st November to end of February.	1	0	„ „

ON DEMAND STATEMENTS.

16. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when or before the demand statement is sent to the Collector for realization. Persons charged under rule 26 shall be served as soon as the charge is made, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

17. The rates for water supplied between 16th June and 15th November, whether on leases for a term of years or on season leases, shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied between 1st November and 28th February shall fall due on the 1st April following.

The rates for water supplied between 1st March and 15th June shall fall due on the 1st July following.

The rates for water to be supplied to tanks shall be payable before water is supplied

18. Water-rates imposed under rule 26 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

19. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(*i*) By the Divisional Canal Officer for errors in assessment or rates.

(*ii*) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

In the latter case a written application must be made at least 20 days before the crop is cut.

20. Remissions on other grounds than the above require the sanction of Government.

21. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable

	Rs.	A.	
IV.—Season leases, 1st March to 15th June.	2	0	per acre.
V.—For one or more waterings supplied between 1st March and 15th June.	0	12	for each watering.
VI.—Water supplied to tanks.	1	0	per 10,000 c. ft

ON DEMAND STATEMENTS.

13. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when or before the demand statement is sent to the Collector for realization Persons charged under rule 33 shall be served as soon as the charge is made, by post or otherwise, with a statement showing the amounts charged.

14. The rates for water supplied on a lease for a term of years between the 16th June and the end of February shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates of water supplied on season leases between the 1st June and 31st October shall be payable in two equal instalments falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment

The rates for water supplied on season leases between 1st November to end of February shall fall due on the 1st April following.

The rates for water supplied on season leases between 1st March and 15th June shall fall due on the 1st July following.

The rates for water to be supplied to tanks shall be payable before water is supplied

15. Water-rates imposed under rule 33 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

16. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(*i*) By the Divisional Canal Officer for errors in assessment or rates.

(*ii*) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

In the latter case a written application must be made at least 20 days before the crop is cut.

17. Remissions on other grounds than the above require the sanction of Government.

18. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

may be written off as irrecoverable on the authority of the Superintending Canal Officer.

22. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings

ON CULTIVATORS' REPRESENTATIVES.

23. Before a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators, and shall each have a direct interest in the land covered by the lease. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *Jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him

24. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

ON CULTIVATORS' REPRESENTATIVES.

19. In all applications and permits other than those relating to sale of water by volume, the names of one or more persons shall be entered as *lambardar* who will be responsible for discharging the duties mentioned below :—

I.—Obtaining signatures to applications and certifying to the correctness of the same.

II.—Attending and giving assistance in measuring land irrigated, or proposed to be irrigated.

III.—Giving timely information to the Canal Officer or subordinate of any insufficiency in the supply of water and promptly reporting when the irrigation of the leased area, on any channel, is complete.

IV.—Supervising the distribution of the water supplied through an outlet amongst the persons entitled thereto and reporting any misuse of the same.

V.—Being present when complaints are investigated by a Canal Officer, or subordinate, and giving information required in connection with the same.

VI.—Receiving *parchas* from the Canal Officer and distributing the same amongst the persons named therein.

VII.—Reporting before the 15th of October all cases in which crops have been injured by deficiency or irregularity of supply in the *kharif* season so that these cases may be investigated before water-rates are demanded.

VIII.—Reporting to the Collector or to such officer as he may appoint mutations in holdings in the case of leases for a term of years.

IX.—Assisting the Collector by pointing out the residences of the persons assessed and identifying them.

20. In the case of season leases the remuneration for performing the duties mentioned in the rule immediately preceding shall be two per cent. on the assessment (excluding fractions of a rupee) which shall be paid by the Canal Officer. The amount paid shall be calculated in rupees and annas only, pies being omitted.

25. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or their own occupation, which may lie within the boundaries of the long lease, subject to a total limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation and recover the rates, in whole or in part, from the *Jait raiyats* or *gumashtas* or other representative, if the assistance specified in rule 24 has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

26. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

27. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that the land deriving benefit is liable to assessment, he shall serve a notice on the persons concerned, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal

28. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the land should be assessed, fix the rates allowed under rule 26 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

29. Applications for leases may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; in such cases the persons assessed under rule 26 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 26. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 26.

21. In the case of leases for a term of years other than those entered into jointly with contractors the remuneration to be paid to the *lambardar* for performing the duties mentioned in rule 19 shall be three per cent. yearly on the assessment of the year (excluding fractions of a rupee) which shall be paid by the Canal Officer. The amount paid shall be calculated in rupees and annas only, pies being excluded.

22. The *lambardar* will be appointed by the Subdivisional Officer in consultation with the applicants for the lease and must be a substantial person having a beneficial interest in part of the land to be irrigated. There is no objection to different *lambardars* being appointed to represent sections of the applicants or to two or more persons being jointly appointed as *lambardars* on behalf of the whole of the applicants. In case the Subdivisional Canal Officer cannot agree with the applicants in the appointment of *lambardar*, he shall nominate a *lambardar* for approval by the Divisional Canal Officer.

In those cases where an application is made by a contractor and cultivators jointly for a lease for a term of years the *lambardar* shall be nominated by the contractor.

23. The Divisional Canal Officer may, for reasons which appear to him to be sufficient and which must be recorded, remove a *lambardar* from his appointment, and in that case a new *lambardar* shall be appointed in the manner prescribed in the rule immediately preceding.

24. The fees to be paid to *lambardars* will only be disbursed if the duties specified have been satisfactorily performed. The Divisional Canal Officer may retrench the whole or any part of the fees payable for reasons to be recorded in writing In calculating the fees payable, fractions of one anna will be excluded.

Intermediary agency.

25. Leases for a term of years will be entered into with associations of cultivators as specified in these rules; and also on the joint application of the cultivators and of some person hereinafter called the contractor who shall collect and pay to Government all sums due under the agreement on account of water-rates. The joint agreement shall be in the form given in Appendix VII to these rules. The contractor must have a beneficial interest in some part of the land included in the application extending for the full term of the lease.

ON PENALTIES AND CANCELLING OF LEASES.

30. Should it be proved, after due enquiry, that the supply of water given to any area leased for a term of years is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

31. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also, if especially so ordered, until half the amount due under new applications is paid in advance An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any lease for a term of years, if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease the lands covered by which cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

32. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

33. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

26. Contractors are authorised to collect water-rates from the cultivators who have signed the application and from their successors in interest in the land included in the block at the rates fixed by the Lieutenant-Governor.

27. A contractor (or in case there be more than one, each contractor severally) shall use due diligence in the collection of the water-rates specified in the agreement from the cultivators who have applied for the water-supply. In the case of his failure after due diligence to collect, he shall within thirty days of the rates becoming due submit to the Collector a list showing the names of the defaulters with the sums due from each and the Collector shall thereupon proceed to realise the amount due from the said defaulters according to law.

28. A contractor (or in case there be more than one, each contractor severally) shall be responsible for all sums payable on the agreement except such sums as he may satisfy the Collector that he has been unable to collect after using due diligence and shall be entitled to a commission of 5 per cent. on all sums collected by himself.

29. In the case of a lease entered into under an application in the form given as Appendix I, a contractor may subsequently be appointed by the Collector with the written approval of the Divisional Canal Officer. Such contractor must for the whole term of the lease have a beneficial interest in some part of the land included in the application and must sign an application in the form given as Appendix VIII. The appointment shall not be made unless the lambardars and leading cultivators give their assent in writing thereto and the Collector is satisfied that the appointment of a contractor is acceptable to the signatories to the lease.

30. The contractor appointed under rules 25 and 29 may, but shall not necessarily be, lambardar. The lambardar will in all cases be appointed by the Canal Officer under the provision of rule 22 and shall be remunerated at the rate specified in rule 21 subject to the conditions mentioned in rule 24.

31. No steps shall be taken to prepare a joint application by cultivators and a contractor until the written assent of the Collector to the proposed contractor has been received,

nor shall the Collector take any steps towards the appointment of a contractor under rule 29 until the written assent of the Divisional Canal Officer has been received. The Collector may, before approving of a contractor under this rule, require him to give security for the due performance of the contract.

32. A contractor may resign his interest in the lease by giving notice to the Divisional Canal Officer three months at least before the 16th June next following, in which case his connection with the lease shall cease from that date and the Subdivisional Canal Officer shall proceed to appoint a lambardar under rule 22 and the Collector to realize water-rate due directly from the lessees.

The Divisional Canal Officer may, at the instance of the Collector, remove any contractor who fails to use due diligence in making collections. In such cases three months' notice at the least before the 16th June next following shall be given and the removal shall take effect from that date. The Collector may, under the conditions and procedure specified in rule 29, appoint a new contractor in place of a contractor who has resigned or who has been removed.

ON UNAUTHORISED IRRIGATION.

33. For the unauthorised use of canal water a rate of Rs 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

34. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that the land deriving benefit is liable to assessment, he shall serve a notice on the persons concerned, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

35. The Divisional Canal Officer after hearing any objection that may be raised shall if he is of opinion that the land should be assessed, fix the rates allowed under rule 33 and return the record to the Subdivisional Canal Officer who shall then complete the assessment.. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate. It is not an unauthorised use of water during the *kharif* season to receive or to lead water on to unleased lands which may have been supplied to lands under lease in excess of requirements.

36. Applications for leases may be subsequently received from villages in which unauthorised irigation has occurred, and these villages may be granted leases; in such cases the persons assessed under rule 33 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 33. In such cases of double assessment the Divisiona Canal Officer may remit, in whole or in part, the rates assessed under rule 33.

ON PENALTIES AND CANCELLING OF LEASES.

37. Should it be proved, after due enquiry, that the supply of water given to any area leased for a term of years is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

38. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also, if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any lease for a term of years, if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease the lands covered by which cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

39. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose. Any person who after due warning breaks this rule may be proceeded against under section 93, clause (9) of the Bengal Irrigation Act, III of 1876.

40. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

APPENDICES TO EXISTING RULES.

IRRIGATION DEPARTMENT.

[Second publication.]

The 18th February 1908.

No. 3.—Notification.—In exercise of the powers conferred upon him by sections 78 and 99 of Act III (B. C.) of 1876, His Honour the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Midnapore Canal. These rules and rates will supersede those now in force.

R. E. CARTER,

Offg. Secretary to the Govt. of Bengal.

Leases for a term of years.

1. The country served by the canals shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officers under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officers. The blocks shall also be marked on maps to be maintained by the same officers.

3. Leases for not more than seven years may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions:—

I.—Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently, a separate lease may be granted for each part.

II.—All leases within one block shall be so granted that they may expire on the same date.

III.—No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall fix from time to time the gross area for which and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which lands have been brought under lease for a term of years, or in which there is any probability of such leases being taken, shall be kept in the subdivisional canal offices. These maps to be at scale 32″ = 1 mile when such are available, and elsewhere at scale 16″ = 1 mile.

6. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented and shall be received either at the Subdivisional or Sectional Canal Office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall forward the preliminary application to the Zilladar, in order that the detailed assessment may be taken in hand. The lands to be brought under lease shall be indicated on a copy of the map alluded to in rule 5.

7. The Zilladar on receipt of the application shall depute an amin to prepare the *khasra* or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and *khasra*. Should the survey map and *khasra* not be available, the amin shall make a sketch map, and shall measure the areas of the holdings with a chain or measuring-rod.

8. When the amin has completed the *khasra*, the Zilladar shall forward it to the Subdivisional Canal Officer for approval.

9. As soon as the *khasra* has been approved by the Subdivisional Canal Officer, he shall return it to the Zilladar endorsed with his signature in token of approval.

The Zilladar shall then prepare a *khatian* or abstract of the *khasra*, and shall have the form of application, given as Appendix No I to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been completely signed, the Zilladar shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix No. III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer by means of his Sectional Officers. The Divisional Canal Officer shall return the application to the Deputy Collector, Revenue Division, with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the Zilladar shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer is authorised to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

Covering Leases.

11. Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given as Appendix No. II to these rules. This application must be signed in the presence of the Zilladar or of some other responsible officer nominated for the purpose by the Subdivisional Canal Officer. The signatures should be those of the leading cultivators in the block in question, and they should represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. IV to these rules, and shall at once supply water.

Single Waterings.

12. Applications for a single watering during the *kharif* season, may be entertained if water is available, after meeting the demand for the areas leased for a term of years. The applications may be presented at the Subdivisional Canal Office or to the Sectional Officer. They must be in the form given as Appendix No. V to these rules.

The application must be for a definite block and the signatures of the applicants must cover areas aggregating not less than four-fifths of the lands in the block.

If the Subdivisional Officer is able to supply water and accepts the application he will require the applicants to pay in advance one-half of the amount due on the areas entered in the application at the rate specified in the schedule of rates, and on this sum being paid he will at once issue a permit in the form given as Appendix No. VI to these rules and will supply water. When the watering has been concluded the area actually irrigated shall be determined and the assessment shall be made on the areas actually watered within the limits of the block specified in the application and permit.

Season Leases.

13. Applications for water to irrigate spring rice or other crops between December and April may be presented at the Subdivisional Canal office or to the Sectional Officer. They must be in the form given as Appendix No. VII to these rules.

In the applications the areas for which water is required must be specified but the rate will be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given as Appendix VIII to these rules will be granted by the Subdivisional Canal Officer if he is able to supply the water.

Supply of water.

14. The Divisional Canal Officer shall control the supply of water throughout the Division in his charge.

15. No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease or by a lease for a single watering.

16. Under the forms of irrigation lease in use, no specific supply of water is promised: but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

17. The Divisional Canal Officer is empowered to give the required supply by rotation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water-rates.

18. The rates due for water supplied shall be collected by the Deputy Collector or other officer in charge of the Revenue Division through his staff of Zilladars, Tahsildars and peons. All *khatians* or demand statements shall be signed by the Deputy Collector or other officer in charge of the Revenue Division after scrutiny in his office

19. At the time of preparation of the *khatian* in the Zilladar's office, each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved for the purpose.

20. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

21. For the purposes of account, of control over establishment, and of general administration, the Deputy Collector or other officer in charge of the Revenue Division is in the position of an Executive Engineer in charge of a division, and is directly subordinate to the Superintending Engineer. In regard to any proceedings taken under the Public Demands Recovery Act the Deputy Collector is subject to the control of the Collector of the district.

Unauthorised use of water and waste of water.

22. Should it be necessary to take action under the provisions of sections 79 and 80 of the Act, proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regarding the unauthorised use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reasons for or against assessment, both as regards the facts and as regards the law; and he shall determine the rate to be charged subject to the provision in the schedule of rates attached to these rules.

23. Should the Divisional Canal Officer decide on making an assessment, he shall have the assessment paper prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or *khatian* shall be sent to the officer in charge of the Revenue Division, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Act shall count from the date on which the statement of the charge may be furnished to the person assessed, which date shall be endorsed on it.

24. No proceedings shall be instituted if the unauthorized use or the waste of water have occurred through the act or neglect of a Canal Officer or subordinate employed on the Canal. During the irrigation of autumn rice, the passing on of surplus water from leased to unleased fields is not an unauthorized use of water.

Complaints and Applications.

25. All complaints or applications with respect to the supply of water, to defective drainage, and generally with respect to the administration of the canals, shall be received on presentation at either divisional or subdivisional canal offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officers for disposal at his discretion.

Any such complaints or applications, if presented to the Deputy Collector or to his staff, shall be returned endorsed with instructions as to the proper office at which to present them. If received by post, they shall be at once forwarded to the Divisional or Subdivisional Canal Officer.

26. Complaints or applications with respect to corrections of the assessment with respect to the actions of the amins in assessing and with respect to the actions of the tahsildars and other staff employed in collections, shall be received at the office of the Deputy Collector or other officer in charge of the Revenue Division, or at the zilladars' offices.

27. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

28. The Officer receiving the complaint or application shall either make a personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

29. The orders passed on all complaints or applications shall be in writing, and a copy of every order shall be furnished to the complainant or applicant.

The copy of order may be sent by post (registered), if this is convenient.

The period within which an appeal may be presented under section 91 of the Act shall be reckoned from the date on which the copy of the order is received by the person.

30. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is heard.

31. The Divisional Canal Officer is empowered to revise the proceedings of his Subdivisional Canal Officers, and the Superintending Engineer is empowered to call for and to revise the proceedings of all officers under his control.

Remissions and Alterations of Demand.

32. Whenever the crop on land entitled to a supply of water suffers material injury from an insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Divisional Canal Officer, provided that the person claiming remission shall have applied for such not less than 15 days before the reaping of the crop.

33. On the occasion of lands being brought under a lease for a term of years, the Divisional Canal Officer is empowered to remit the rates for the first season on those fields which from the nature of the cultivation then obtaining, or from other causes, have not, in that season, derived any benefit from the supply of canal water.

34. Should the crop on lands under lease for a term of years suffer material injury from excess of water due to deficient drainage, the Divisional Canal Officer may grant remission of the rates due on such lands in whole or in part, provided that the person asking for remission shall have applied at least 15 days before the reaping of the crop.

35. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of the Divisional Canal Officer.

36. Revisions of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes in the occupation of lands shall be made under the orders of the Deputy Collector or other officer in charge of the Revenue Division, provided that no change involving any increase or decrease in the total area under lease for a term of years shall be made without the concurrence of the Divisional Canal Officer.

37. Remissions of water-rates on account of injury to the crops caused by inundation, by blight, by storms or by any extraordinary cause will only be allowed under the special orders of the Local Government.

Irrecoverable Demands.

38 The Superintending Engineer is empowered to sanction the write-off of those demands which are reported, after due enquiry by the Deputy Collector or other officer in charge of the Revenue Division, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death, or owing to the defaulter having absconded.

Cultivators' Representatives.

39. Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the officer in charge of the Revenue Division shall, with the concurrence of the Subdivisional Canal Officer, select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

40. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters :—

(*i*) In the preparation of applications for leases.
(*ii*) In the measurement of irrigated lands.
(*iii*) In recording the names of the occupiers of the holdings.
(*iv*) In receiving demand statements and distributing to the cultivators the individual notices of assessment.
(*v*) In attending, when required, at enquiries into complaints.
(*vi*) In reporting to the zilladars any changes in the occupancy of lands under lease.
(*vii*) In assisting the tahsildar in collecting rates.

41. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own occupation, which may lie within the boundaries of the leased area subject to a total limit of 3 per cent. of the area assessed. The Deputy Collector or other officer in charge of the Revenue Division may disallow in whole or in part this free irrigation, and may recover the rates which would otherwise have been payable in whole or in part if the assistance specified in Rule 40 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

42. The Deputy Collector shall maintain in his office a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

43. Applicants for single waterings or for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in Rule 40 and shall receive remuneration on the same scale as in Rule 41.

Power to decline or cancel leases.

44. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with effect from the 1st of June next following. The order to cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

45. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realizing the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any lease for a term of years, if on the 1st June of any year water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

Miscellaneous.

46. Tanks may be supplied with canal-water without charge, when water can be made available without injury to the cultivation dependent on a canal, under the following conditions:—

(*i*) That the water is to be exclusively used for domestic purposes, or for watering cattle.

(*ii*) That a channel exists through which water can pass without waste.

(*iii*) That the water shall only be supplied on the written order of the Subdivisional Canal Officer.

(*iv*) That any new outlet or sluice which may be required to allow of the supply being given shall be provided at the cost of the persons who ask for the water.

(*v*) That the supply of water may be stopped at any time if it is found that it is being misused.

47. Except when a public right-of-way exists, no person shall, without the permission expressed in writing of the Divisional or Subdivisional Canal Officer, pass himself, or cause any animal or vehicle to pass, on or across any of the works, banks or channels of a canal, or drainage work which is part of the canal system except by means of such bridges, fords and ferries as may have been provided for the purpose.

Any person who, after due warning, commits a breach of this rule may be proceeded against under section 93, clause (9), of the Irrigation Act.

48. The use of any part of the banks or berms of any canal, drainage work which is part of the canal system, or flood embankment which is subject to the provisions of the Irrigation Act, as a place for relieving the calls of nature, is prohibited. Any person who after due warning commits a breach of this rule may be proceeded against under section 93, clause (9), of the Irrigation Act.

49. Should water be required for purposes other than irrigation, it may be supplied, when available, at a rate of one rupee per 10,000 cubic feet of water.

50. No officer employed on the canals, unless especially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals or purchase or bid for any Government property sold thereon either in his own name or in the name of another, or jointly, or in shares with others.

APPENDIX I.

(Referred to in rule 9.)

APPLICATION FOR A LEASE FOR A TERM OF YEARS.

(Yearly rate, per acre: water to be supplied each year from the 16th June to 30th November only.)

We, the undersigned, of mauza, , pargana , thana , apply for water to be supplied from Distributary of the Midnapore Canal for a term of years, commencing on the 16th June and ending 30th November. The supply of water is required for the irrigation of the block of land formed by our holdings as specified below.

2. We agree that the amounts due shall be payable to the Deputy Collector or other officer in charge of the Revenue Division, Midnapore Canal, or to such person as he may appoint on the 1st January and 1st February, or if Rs. 10 or under on 1st of January of each year, and shall be payable independently of our requiring water in any particular year or not.

3. We also agree to be bound by the rules published in the *Calcutta Gazette* for pages , Notification No.

4. We agree that this application shall not be deemed to have been completed until all the irrigable fields within the block have been signed for, and that failing such completion any covering lease which may have been granted shall be enforced.

5. We agree that the areas* and amounts as given in the statement below are correct at the commencement of the lease, and in token of agreement we attach our individual signature or mark.

6. Our heirs and representatives shall be bound by the terms of this agreement in case of our decease.
